?

Who can vote in a gubernatorial recall election?

Any registered voter within the State of California may vote in the gubernatorial recall election.

To confirm or update your voter registration status visit registertovote.ca.gov.

?

What does a recall ballot look like?

Recall ballots have two parts.

In the first part, you have the option to vote “yes” or “no” to the question of whether to remove the Governor from office.

In the second part, regardless of how you vote on the first part, you have an opportunity to select a replacement candidate, and those votes for a successor candidate will only be counted if more than 50% of voters casting ballots vote yes to the first part to recall the Governor.

?

Why isn't there information about the candidates in this pamphlet?

This is a statewide election. Information on candidates will be sent separately by the Secretary of State in the State Voter Information Guide.

?

How can I learn more about all the replacement candidates?

You will receive a separate Voter Information Guide from the Secretary of State in which candidates may have chosen to purchase space for a statement up to 250 words, if they accept the voluntary expenditure limits to run as a candidate. The current voluntary expenditure limit to run for Governor is \$9,728,000.

?

What happens after the recall election?

If a majority of the voters vote “yes” on the first question, then the recall passes. The replacement candidate who gets the most votes is elected for the unexpired term of office.

If a majority of the voters vote “no” on the first question, then the recall has failed and the officer will remain in office.

?

If the current effort to recall Governor Newsom is successful, when would a new Governor take office?

County elections officials have 30 days after the election to complete the official canvass. On the 38th day after the election, if the recall is successful, the Secretary of State will certify the election results and the new Governor would take the oath of office and assume the position.

?

How do I get updates on the recall election process?

The Secretary of State's Elections Division posts all updates on the website at www.sos.ca.gov/elections/upcoming-elections/2021-ca-gov-recall or you can visit our website at www.smcvote.org.

Estimated Costs to Administer the California Gubernatorial Recall Election

Pursuant to Elections Code section 11108(d), the Department of Finance, in consultation with the Secretary of State and county elections officials, has estimated the costs to administer the recall election of Governor Gavin Newsom to be \$276 million. Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

We included all instructions provided by the state and added the following: "The use of blue or black ink is recommended. NO RED INK." and added to the write-in instructions: "FILL IN THE OVAL to the right".

Q3

What ballot instructions would you change or add to provide further assistance to voters?

The clarifications on the instructions above and additional instructions posted at vote centers in regards to the use of Sharpies.

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

We received around 34 phone calls in regards to ballot instructions/return envelope instructions.
Received about 12 phone calls regarding the use of Sharpies at vote centers.

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

Yes. Additional recall instructions were included in the County Voter Information Guide and a poster at vote centers and at outreach events.

Q6

What were the most common issues you encountered when designing the recall ballot?

The number of candidates and a long candidate name.

Q7

What Elections Code provision(s) or regulation(s) caused the issue(s) and prevented you from resolving it?

The issue was resolved.

The ballot creation system does not allow contests to split in two sides. Therefore, increased the ballot size to resolve the issue. All candidates fit on one side of the ballot.

Q8

What changes do you recommend that would remedy any problems you encountered during the recall election or any other election?

To include instructions regarding contests being independent from each other. Not voting on one contest or making a mistake on one contest does not invalidate another contest/rest of the ballot.

Q9

If for the September 14, 2021, Gubernatorial Recall Election you added or removed anything from the ballot instructions prescribed by the state, please attach a copy of the ballot below.

IMPORTANT INFORMATION FOR VOTERS

At the September 14, 2021, California Gubernatorial Recall Election there is a two-part question regarding the recall of the governor.

The recall question contains two parts. You may vote on both parts or on just one. Either way, your vote will be counted.

The first part will ask, “Shall **GAVIN NEWSOM** be recalled (removed) from the office of Governor?”

The second part will list the names of candidates running to replace the governor if he is recalled. If you choose to vote for a replacement candidate, you may vote for only one of the many candidates.

If more voters mark “YES” than “NO” on the first part of the recall question, the governor will be removed from office. If more voters mark “NO” than “YES”, the governor will remain in office.

If the governor is recalled, the candidate who receives the most votes will be elected as the new governor. That person can be sworn in as the governor once the results of the election are certified.

This guide includes the “Proponents’ Statement of Reasons” submitted by the proponents of the recall, the “Governor’s Answer to the Statement”, and the governor’s candidate statement. Candidate Statements for the Candidates to succeed GAVIN NEWSOM as Governor if he is recalled are published in the State Voter Information Guide mailed by the Secretary of State. You may access the state guide by visiting: <https://voterguide.sos.ca.gov/>.

- The contest for Governor is a voter-nominated office.
- You may choose any candidate running for a voter-nominated office, regardless of the party you or the candidate prefers.
- For this election, there may be multiple candidates with the same party preference within the same contest in the California Gubernatorial Recall Election ballot. Voters may vote for one candidate only.

Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

We added verbiage on the location and shape of the voting target. We did not include the verbiage regarding using a pencil or asking the precinct board member for a new ballot if the voter tea, deface etc. We have signs posted with this information in the polling locations and felt that having it on the ballot was repetitive and created more a chaos on the limited ballot area.

Q3

What ballot instructions would you change or add to provide further assistance to voters?

Please see ballot from Q8.

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

No.

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

No.

Q6

What were the most common issues you encountered when designing the recall ballot?

Ballot space and size limitations. Our goal was to have a single ballot card which proved to be challenging due to the number of candidates, having a bilingual ballot requirement, and trying to keep the ballot paper size within a range that could be printed at polling locations without additional difficulties for poll workers.

Q1

County

Sonoma

Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

We changed the instruction from "to vote on the recall question, darken the oval to the right of the word "YES" or "NO" to instruct the voter to darken the oval to the left of the word "YES or the word "NO". This was because our system provides the voting target to the left of measure/question choice. We also instructed our voters to "On vote by mail ballots mark with blue or black ink pen. NO RED INK OR PENCILS." This is because our tabulator doesn't pick up pencil well, and doesn't pick up red ink at all, and we don't want voters to use a felt-tip pen that could bleed through the ballot. And we added to the instructions for write-in voting additional instruction to "darken the oval to the left of your choice" because if the voter simply writes in a name on the write-in line but does not darken the oval, our tabulator likely wouldn't catch that there was a write-in vote to be adjudicated.

Q3

What ballot instructions would you change or add to provide further assistance to voters?

We would like the instructions for obtaining a replacement ballot to be more like "if you wrongly mark, tear or deface this ballot, return it to the precinct board member and obtain another, or if voting by mail, contact your elections official." We also find the instructions in EC13204 "To vote on any measure, mark the voting target next to the word "Yes" or after the word "No." to be confusing to voters. We instead had "To vote on any measure, darken the oval to the left of the word "YES" or the word "NO." We also see no use for the verbiage "Marking the ballot outside of the designated space to vote for a candidate or measure may compromise the secrecy of the ballot" to be confusing and unnecessary. At the point where this would be noticed, the ballot is already mechanically extracted from the ballot envelope, and the voter's identity is not an issue.

If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

We included information on our social media platforms: Here's a link to a great video on how to fill out your ballot for the September 14th Governor's recall election.

Important note: voters can vote on either one or both parts of the recall ballot. A voter can vote "no" to the question of removing the governor from office and also select a replacement candidate. This also applies to the District Attorney recall. Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

We did not.

Q3

What ballot instructions would you change or add to provide further assistance to voters?

None.

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

Not on the ballot instructions. From previous "recall" elections, the voters understood that if they voted "no" on the recall question, if they voted for a replacement candidate it would not be counted. Made it a little confusing for them to understand that this election they could vote "no" on the question and vote for a replacement candidate and it would be counted.

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

Followed guidelines from SOS.

Q6

What were the most common issues you encountered when designing the recall ballot?

None.

Q7

What Elections Code provision(s) or regulation(s) caused the issue(s) and prevented you from resolving it?

INSTRUCTIONS TO VOTERS

HOW TO VOTE:

To vote on the recall question, mark the voting target to the left of the word "YES" or "NO".

To vote for a candidate whose name appears on the ballot, mark the voting target next to the candidate's name.

To vote for a qualified write-in candidate, write the person's name in the blank space provided for that purpose after the names of the other candidates for the same office.

If you wrongly mark, tear, or deface this ballot, return it to the precinct board member and obtain another.

On vote by mail ballots mark with pen or pencil.

Q3

What ballot instructions would you change or add to provide further assistance to voters?

"To vote on any measure, mark the voting target next to the word "Yes" or after the word "No."

The wording is not clear as the voting target usually appears in front of the word "no"

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

Yes voters did not like the instructions that you could mark your ballot with Pencil. Here are the instructions on ballot: "On vote by mail ballots mark with pen or pencil."

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? Q8

What changes do you recommend that would remedy any problems you encountered during the recall election or any other election?

I would like Elections Code 13208 to be changed to remove "(a) In the right-hand margin of each column light vertical lines shall be printed in such a way as to" and remove " the lines shall be printed so as to create voting targets to the right of the words "Yes" and "No." We have created a voting target on the left hand side as well as right hand side depending on the election. Perhaps it just needs to read: "Create a voting target next to the name of each candidate for partisan office, voter-nominated office, nonpartisan office (except for Justice of the Supreme Court or justice of a court of appeal), or for chairperson of a group of candidates for delegate to a national convention who express no preference for a presidential candidate. In the case of Supreme Court or appellate justices and in the case of measures submitted to the voters, create voting targets next to the words "Yes" and "No." The voting targets shall be used by the voters to express their choices as provided for in the instruction to voters.

State Recall Question

Governor Recall

State of California

Ballot Question

The recall question contains two parts. You may vote on both parts or on just one. Either way, your vote will be counted:

1. The first part will ask, "Shall **GAVIN NEWSOM** be recalled (removed) from the office of Governor?"
2. The second part will list the names of the candidates running to replace the Governor if he is recalled. If you choose to vote for a replacement candidate, you may vote for only one of the candidates. Voting for more than one candidate will invalidate your vote.

What Your Vote Means

| YES | NO |
|--|---|
| <p>A "yes" vote on question 1 is a vote to remove the Governor from office.</p> <p>If more voters mark "yes" than "no," on the first part of the recall question, the Governor will be removed from office.</p> <p>If the Governor is recalled, the candidate who receives the most votes will be elected as the new Governor. That person can be sworn in as the Governor once the results of the election are certified.</p> | <p>A "no" vote on question 1 is a vote to have the Governor remain in office.</p> <p>If more voters mark "no" than "yes," the Governor will remain in office.</p> |

Pursuant to Elections Code section 11108(d), the Department of Finance, in consultation with the Secretary of State and county elections officials, has estimated the costs to administer the recall election of Governor Gavin Newsom to be \$276 million.

Political Party Endorsements

Not all political parties submit endorsements. Some political parties may endorse a candidate from another political party. The candidate’s party preference does not necessarily mean that they have that political party’s support. The Chair of the following political parties submitted candidate endorsements for Voter-Nominated Offices:

Larry Elder, endorsed by: American Independent Party
Jeff Hewitt, endorsed by: Libertarian Party

Proponents’ Statement of Reasons for the Recall and the Governor’s Answer

The recall petition circulated throughout the state included a Statement of Reasons for a recall and the Governor’s Answer to the Statement, which are provided below pursuant to Elections Code section 11325.

Proponents’ Statement of Reasons

TO THE HONORABLE GAVIN NEWSOM: Pursuant to section11020, California Elections Code, the undersigned registered qualified voters of the State of California, hereby give notice, we are the proponents of a recall petition and we intend to seek your recall and removal from the office of Governor in the State of California and to demand election of a successor in that office.

The grounds for this recall are as Follows: Governor Newsom has implemented laws which are detrimental to the citizens of this state and our way of life. Laws he endorsed favor foreign nationals, in our country illegally, over that of our own citizens. People in this state suffer the highest taxes in the nation, the highest homelessness rates, and the lowest quality of life as a result. He has imposed sanctuary state status and fails to enforce immigration laws. He unilaterally over-ruled the will of the people regarding the death penalty. He seeks to impose additional burdens on our state by the following; removing the protections of Proposition 13, rationing our water use, increasing taxes and restricting parental rights. Having no other recourse, we the people have come together to take this action, remedy these misdeeds and prevent further injustices.

Governor’s Answer to the Statement

WARNING: THIS UNWARRANTED RECALL EFFORT WILL COST CALIFORNIA TAXPAYERS 81 MILLION DOLLARS! IT IS BEING PUSHED BY POLITICAL EXTREMISTS SUPPORTING PRESIDENT TRUMP’S HATEFUL ATTACKS ON CALIFORNIA.

In 2018 California voters elected Governor Gavin Newsom by historic margins.

As Governor, Newsom is working to 1) increase funding for public education, 2) protect and secure Californians' health and health care, 3) improve water, roads, and bridges, 4) address the challenges of housing affordability and homelessness, and 5) prepare for the threats of wildfires.

Our budget is balanced. Our fiscal reserves are unprecedented. Our economy and employment are historically strong.

Yet a handful of partisan activists supporting President Trump and his dangerous agenda to divide America are trying to overturn the definitive will of California voters and bring Washington's broken government to California with this recall effort.

The last thing California needs is another wasteful special election, supported by those who demonize California's people and attack California's values.

Do not be fooled - California's police officers, firefighters, first responders, public school teachers, health providers, and business leaders all STRONGLY OPPOSE this costly recall.

DO NOT HAND OVER YOUR SIGNATURE, YOUR SUPPORT OR YOUR PERSONAL, PRIVATE INFORMATION TO THIS DESTRUCTIVE RECALL SCHEME.

Q1

County

Nevada

Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

No additions/changes.

Q3

What ballot instructions would you change or add to provide further assistance to voters?

I'd include language on how to vote on a recall contest, e.g., that you can vote on question 2, regardless of your vote on question 1.

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

Nothing on the ballot instructions themselves, just confusion from voters on how to vote and whether the write in space cancels the ballot.

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

We included some plain language overview of the recall election in our VIG. Will send the file to SOS (unable to attach).

Q6

What were the most common issues you encountered when designing the recall ballot?

- No statutory language for recall ballot instructions
 - Having the instructions/candidate names in all caps
 - Inability to tailor instructions for VBM ballots vs in person (all included, which leads to some instructions that don't make sense)
 - Inability to make adjustments without violating EC 13200.
-

Q7

What Elections Code provision(s) or regulation(s) caused the issue(s) and prevented you from resolving it?

EC 13200 + all provisions relating to ballot instructions and design. Also, Hart Verity is hard coded in its design module, which makes specific adjustments very challenging. For example, adding space that's needed on one ballot type for a particular contest or header will affect all other ballot types that include that contest or header. I also can't left justify subheadings, and I don't believe that the vendor can, either.

Q8

What changes do you recommend that would remedy any problems you encountered during the recall election or any other election?

- Include instructions for recall elections
 - Give registrars the flexibility needed to tailor instructions to voters
 - Get rid of the all caps requirements for all/most of the ballot
 - Include some flexibility for ballot design when certifying voting systems
-

Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

All the prescribed instructions were on the ballot in some form. We modified them to shorten, for ease of reading and counting system limitations.

Q3

What ballot instructions would you change or add to provide further assistance to voters?

They all need to be in plain language. Remove vote in pencil. A vote in pencil is not read by the scanning tabulators if it is too light.

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

One voter complained that "What a Qualified Write In is" was not printed in the Voter guide or VBM insert.

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? Q8

What changes do you recommend that would remedy any problems you encountered during the recall election or any other election?

Use shorter plain language for required wording on the ballot. This will help the voters understanding on how to vote and facilitate in less ballot cards.

2. List of candidates: Voting for a candidate to replace the Governor if he is recalled.

You may vote on both parts or just one part.

In-Person Voting Reminder

All active registered voters will be sent a ballot in the mail for this election. If you need to vote in person on Election Day at your polling place, remember to take the ballot that was mailed to you so that you can give it to the poll worker in order to get a polling place ballot. If you do not have the ballot that was mailed to you, you may still vote a provisional ballot. Provisional ballots will be processed after Election Day.

Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

Yes - write-in instructions were incomplete. Must also mark the target for the system to detect a write-in vote. We also instructed more specifically to use black or blue pen or pencil since red or pink ink is invisible to the system. And not sure why those instructions start with "On vote by mail ballots"?

Q3

What ballot instructions would you change or add to provide further assistance to voters?

"If you wrongly mark, tear, or deface this ballot, return it to the precinct board member and obtain another" does not make sense for VBM voters. Suggest "If you wrongly mark, tear, or deface this ballot, contact your elections official to obtain another." Also wondering if "voting target" can be replaced by "oval", but not sure if all CA counties have ovals.

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

Not about the instructions per se, but we had a few calls from voters who had difficulty finding the ovals for YES/NO - see #6 for more details.

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

No additional instructions on the ballot or VIG, but we did provide the following on our website, adapted from the SOS website:

Understanding the 2021 California Gubernatorial Recall Election

Like any statewide election, eligible Californians will have the opportunity to cast a ballot and make their voices heard.

All active registered California voters will receive a vote-by-mail ballot for the September 14, 2021 recall election. We began mailing ballots August 16, 2021.

The recall ballot will ask two questions: 1) Do you want to recall Governor Newsom? and 2) If the governor is recalled, who do you want to replace him?

If 50% or more vote NO, the governor will remain in office.

If more than 50% vote YES, the governor will be removed from office and the person with the most votes will replace him.

You may choose to vote on only the recall question or only a replacement candidate, and your ballot will still be counted.

All votes on all valid ballots are counted. In other words, if you vote NO on the recall question and vote for a replacement candidate, both votes will be counted. A vote for a replacement candidate does not imply a YES vote on the recall question.

We also included some additional instructions in an insert included with the VIG, attached below.

Q6

What were the most common issues you encountered when designing the recall ballot?

Our goal was to have a single-sided ballot so voters would see both contests, but to also keep the ballot length as short as possible. We used a single column spanning the entire page for the question and three columns for the replacement candidates. Our next goal was to make it clear that all three columns of candidates were associated with the second contest. This is why we spanned the entire page for the YES/NO, and we put "Vote for One" on the far left above the replacement candidates since our ovals are on the right - we didn't want those words over a single column of ovals. However, we had many voters who circled YES or NO, or made their own oval and filled it, rather than filling the oval on the right hand side of the ballot. We made extraordinary efforts to visually inspect every ballot for this condition and to enhance the ballot by marking the corresponding oval per the voter's intent. Lastly, because our ovals are on the right and there were multiple columns of candidates, we believe some votes may have been inadvertently marked for the candidate to the left of the intended candidate.

Q7

What Elections Code provision(s) or regulation(s) caused the issue(s) and prevented you from resolving it?

Elections Code was not the issue, and we could not resolve because the problem was not evident until we started processing returned ballots.

Q8

What changes do you recommend that would remedy any problems you encountered during the recall election or any other election?

We are considering moving back to an "oval on the left" design for ballot choices as that would have alleviated both problems mentioned above. (We switched to oval on the right in 2018.) EC13204(a) needs revision - very unclear on how to mark yes or no for justice candidates.

Q9

If for the September 14, 2021, Gubernatorial Recall Election you added or removed anything from the ballot instructions prescribed by the state, please attach a copy of the ballot below.

Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

We were severely limited on ballot space by the number of candidates, language requirements, and the limitations of our ballot design software and print/mail vendor. We revised two bullet points for clarity and space. Please see our attachment on Question 8. In the second ballot question, we added the word (replace) so it would be plain language.

Q3

What ballot instructions would you change or add to provide further assistance to voters?

Revise all instructions with plain language and shorten as much as possible. The existing write-in bullet point could end at "for that purpose." The bullet point about needing a new ballot should be guidance, allowing counties to be concise and accurate.

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

Although our voter guide explained this, we had some voters ask if they could vote on only one question. Other voters asked if they voted no on the recall, could they choose a replacement candidate. Historically, we have seen that a number of voters believe a ballot will be invalidated if they don't vote on every contest or only choose one when it is a "vote for two" contest. Our system currently does not allow us to add a footer saying "Contest continues in next column."

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

Our voter guide provided information on how to voting on the recall. Please see our attachment on Question 9.

Q6

What were the most common issues you encountered when designing the recall ballot?

Our ballot design software and print vendor have restrictions on what they can do. Here are some examples: Length of ballot, including the required stub; number of ballot columns; contest must be contained to one side of a ballot card; contest can only have so many candidates. Our ballot production system has limits on point size adjustment, text justification, headers and footers. Changes in one element may negatively affect other elements. A longer ballot affects UOCAVA voters. A change in ballot size requires adjustments to printers used at our vote centers.

Q7

What Elections Code provision(s) or regulation(s) caused the issue(s) and prevented you from resolving it?

Point size and all capital letters on ballot instructions, Elections Code Section 13204, 13210. Very large ballot header at the top and listing congressional, Senate and Assembly districts, Elections Code Section 13203. Width of ballot columns, Elections Code Section 13207. Voting target must be on the right, Elections Code Section 13208.

Q8

What changes do you recommend that would remedy any problems you encountered during the recall election or any other election?

Provide more time between calling the election and the election. Change ballot instruction point size and make it upper and lower case to save room. Having so much type in all caps is difficult to read and is considered yelling. Revise ballot instructions to make them short and in plain language. Frame the instructions as guidance, "use language substantially like this" because counties have different voting formats and systems. Shrink the words at the very top of the ballot, Official Ballot. Thirty points is very large and takes up space that should be devoted to the candidates and measures on the ballot. Listing legislative districts at the top takes up more space. Make "Vote for one" bold. Why specify column width? A narrower column is better for the voter than a three card ballot. Have consistent code references to voting targets saying "next to" not "on the right."

HOW DOES A RECALL ELECTION WORK?

At the September 14, 2021, California Gubernatorial Recall Election there will be a two-part question submitted to the voters regarding the recall of the governor. You can vote on both parts or just one part. Either way your vote will be counted.

The first part will ask, "Shall Gavin Newsom be recalled (removed) from the office of Governor?"

If more voters mark "yes" than "no" on the first part of the recall question, the governor will be removed from office. If more voters mark "no" than "yes," the governor will remain in office.

The second part will list the names of candidates running to replace the governor if he is recalled. You may vote for only one of the replacement candidates.

If the governor is recalled, the candidate who receives the most votes will be elected as the new governor. That person will be sworn in as the governor once the results of the election are certified.

This pamphlet includes the statement of reasons submitted by the proponents of the recall, the governor's answer to that statement and the estimated costs to administer the recall election.

¿CÓMO FUNCIONA UNA ELECCIÓN DE DESTITUCIÓN?

En la elección para la destitución del gobernador de California, del 14 de septiembre de 2021, se presentará a los votantes una pregunta que consta de dos partes acerca de la destitución del gobernador. Usted puede votar en ambas partes o solo en una. De cualquier manera, su voto se contará.

En la primera parte se preguntará: "¿Se deberá destituir (remover) a Gavin Newsom del cargo de gobernador?"

Si la mayoría de los votantes marcan "sí" en lugar de "no" en la primera parte de la pregunta acerca de la destitución, el gobernador será destituido de su cargo. Si la mayoría de los votantes marcan "no" en lugar de "sí", el gobernador permanecerá en el cargo.

En la segunda parte se mencionarán los nombres de los candidatos que se postulan para reemplazar al gobernador, si es destituido. Usted puede votar solo por uno de los candidatos de reemplazo.

Si el gobernador es destituido, el candidato que reciba la mayoría de los votos será elegido como el nuevo gobernador. Esa persona tomará juramento como gobernador una vez que se certifiquen los resultados de las elecciones.

Este folleto incluye la declaración de los motivos presentada por los proponentes de la revocación, la respuesta del gobernador a dicha declaración y los costos estimados para realizar la elección para la destitución.

De conformidad con la sección 11108(d) del Código Electoral, el Departamento de Finanzas, en consulta con el Secretario del Estado y los funcionarios electorales del condado, ha estimado los costos de administración de la elección de destitución del Gobernador Gavin Newsom en aproximadamente \$ 276 millones de dólares.

Proponents' Statement of Reasons for the Recall and the Governor's Answer

The recall petition circulated throughout the state included a Statement of Reasons for a recall and the Governor's Answer to the Statement, which are provided below pursuant to Elections Code section 11325.

Proponents' Statement of Reasons

TO THE HONORABLE GAVIN NEWSOM: Pursuant to section 11020, California Elections Code, the undersigned registered qualified voters of the State of California, hereby give notice, we are the proponents of a recall petition and we intend to seek your recall and removal from the office of Governor in the State of California and to demand election of a successor in that office.

The grounds for this recall are as Follows: Governor Newsom has implemented laws which are detrimental to the citizens of this state and our way of life. Laws he endorsed favor foreign nationals, in our country illegally, over that of our own citizens. People in this state suffer the highest taxes in the nation, the highest homelessness rates, and the lowest quality of life as a result. He has imposed sanctuary state status and fails to enforce immigration laws. He unilaterally over-ruled the will of the people regarding the death penalty. He seeks to impose additional burdens on our state by the following; removing the protections of Proposition 13, rationing our water use, increasing taxes and restricting parental rights. Having no other recourse, we the people have come together to take this action, remedy these misdeeds and prevent further injustices.

Governor's Answer to the Statement

WARNING: THIS UNWARRANTED RECALL EFFORT WILL COST CALIFORNIA TAXPAYERS 81 MILLION DOLLARS! IT IS BEING PUSHED BY POLITICAL EXTREMISTS SUPPORTING PRESIDENT TRUMP'S HATEFUL ATTACKS ON CALIFORNIA.

In 2018 California voters elected Governor Gavin Newsom by historic margins. As Governor, Newsom is working to 1) increase funding for public education, 2) protect and secure Californians' health and health care, 3) improve water, roads, and bridges, 4) address the challenges of housing affordability and homelessness, and 5) prepare for the threats of wildfires.

Our budget is balanced. Our fiscal reserves are unprecedented. Our economy and employment are historically strong.

Yet a handful of partisan activists supporting President Trump and his dangerous agenda to divide America are trying to overturn the definitive will of California voters and bring Washington's broken government to California with this recall effort.

The last thing California needs is another wasteful special election, supported by those who demonize California's people and attack California's values.

Do not be fooled - California's police officers, firefighters, first responders, public school teachers, health providers, and business leaders all **STRONGLY OPPOSE** this costly recall.

DO NOT HAND OVER YOUR SIGNATURE, YOUR SUPPORT OR YOUR PERSONAL, PRIVATE INFORMATION TO THIS DESTRUCTIVE RECALL SCHEME.

Declaración de Razones de los Proponentes para Solicitar la Destitución y la Respuesta del Gobernador

La petición de destitución que circuló por todo el estado incluía una Declaración de las Razones para solicitar la destitución y la Respuesta del Gobernador a dicha declaración, todo lo cual se provee a continuación de conformidad con la sección 11325 del Código Electoral.

Declaración de Razones de los Proponentes

AL HONORABLE GOBERNADOR GAVIN NEWSOM: Por la presente, y de conformidad con la sección 11020 del Código Electoral de California, los votantes calificados registrados del estado de California que suscriben informan, somos los proponentes de una petición de destitución y tenemos la intención de solicitar su destitución y remoción de la Oficina del Gobernador en el Estado de California y demandamos la elección de un sucesor para ese cargo.

Los motivos para la destitución son los Sigüientes: El Gobernador Newsom ha implementado leyes que son perjudiciales para los ciudadanos de este Estado y nuestra forma de vida. Las leyes aprobadas por el Gobernador favorecen a los extranjeros que se encuentran en nuestro país de manera ilegal, por sobre el bienestar de nuestros propios ciudadanos. Las personas en este estado pagan los impuestos más altos de la nación, tenemos las tasas más altas de personas sin hogar y, como resultado, existe un nivel más bajo de calidad de vida. Ha impuesto la categoría de estado santuario y no ejerce el cumplimiento de las leyes de inmigración. Desestimó de manera unilateral la voluntad de las personas con respecto a la pena de muerte. Busca imponer cargas adicionales a nuestro estado mediante las siguientes acciones: eliminación de las protecciones de la Propuesta 13, racionamiento del uso del agua, aumento de los impuestos y restricción de los derechos parentales. Al no tener otro recurso, nosotros, el pueblo, nos hemos unido para tomar acción, remediar estos males y prevenir mayores injusticias.

Respuesta del Gobernador a la Declaración

ADVERTENCIA: ¡ESTE ESFUERZO DE DESTITUCIÓN SIN FUNDAMENTO COSTARÁ A LOS CONTRIBUYENTES DE CALIFORNIA 81 MILLONES DE DÓLARES! ESTÁ SIENDO IMPULSADO POR EXTREMISTAS POLÍTICOS QUE APOYAN LOS ATAQUES LLENOS DE ODIOS DEL PRESIDENTE TRUMP A CALIFORNIA.

En 2018, los votantes de California eligieron al Gobernador Gavin Newsom con márgenes históricos.

Como Gobernador, Newsom está trabajando para 1) aumentar los fondos para la educación pública, 2) proteger y asegurar la salud y la atención médica de los Californianos, 3) mejorar el agua, las carreteras y los puentes, 4) abordar los desafíos de la asequibilidad a viviendas y la falta de viviendas, y 5) preparar a las comunidades para las amenazas de incendios forestales.

Nuestro presupuesto es equilibrado. Nuestras reservas fiscales actuales no tienen precedentes. Nuestra economía y empleo son más sólidos que nunca en la historia.

Sin embargo, un puñado de activistas que apoyan al Presidente Trump y su peligrosa agenda para dividir a los Estados Unidos están tratando de revertir la voluntad definitiva de los votantes de California y traer el divisionismo de Washington a California con este esfuerzo de destitución.

Lo último que necesita California es otro derroche de fondos en una elección especial, apoyada por aquellos que demonizan a las personas de California y atacan los valores de nuestro estado.

No se dejen engañar —los agentes de policía, los bomberos, el personal de respuesta a emergencias, los maestros de escuelas públicas, los proveedores de servicios de salud y los líderes empresariales de California SE OPONEN FIRMEMENTE a esta costosa solicitud de destitución.

NO ENTREGUE SU FIRMA, SU APOYO O SU INFORMACIÓN PERSONAL PRIVADA A ESTE DESTRUCTIVO MECANISMO DE DESTITUCIÓN.

Party Endorsements

Parties have the option of submitting candidate endorsements for voter-nominated offices only for printing in this guide. Not all parties participate and parties may endorse a candidate from another party.

The candidate's party preference on the ballot does not necessarily mean that they have that political party's support.

Q1

County

Orange

Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

We did not include "Marking the ballot outside of the designated space to vote for a candidate or measure may compromise the secrecy of the ballot."

Q3

What ballot instructions would you change or add to provide further assistance to voters?

The instructions in Elections Code 13204 can be simplified by using plain language. As an example, "To vote for a Measure or a candidate on the ballot, mark the voting target next to the selection. To vote for a qualified write-in candidate, write the person's name in the blank space provided for that purpose. If you wrongly mark, tear, or deface this ballot, return it to the Vote Center staff, or contact the Registrar of Voters' office if you are voting at home.

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

No.

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

No.

Q6

What were the most common issues you encountered when designing the recall ballot?

Making the list of candidates fit on one page, in all languages. Contests in the Hart Verity system must fit on one page in all languages, including bilingual ballots that we don't currently use. We had to adjust spacing and font sizes in the templates to make sure the entire "Candidates to succeed..." contest fit on one page. We also didn't want to use a paper size longer than 14 inches because printing and scanning ballots at Vote Centers would have been more of a challenge.

Q7

What Elections Code provision(s) or regulation(s) caused the issue(s) and prevented you from resolving it?

EC 13205

Q8

What changes do you recommend that would remedy any problems you encountered during the recall election or any other election?

The Elections Code needs some slight cleanup on items that do not provide any substantive value. As an example, "Instructions to Voters:" probably does not need to be in 16 pt font as the elections code prescribes.

Q9

If for the September 14, 2021, Gubernatorial Recall Election you added or removed anything from the ballot instructions prescribed by the state, please attach a copy of the ballot below.

Q10

If you did provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide), please attach a copy of the document on which the ballot instructions were printed below.

Gubernatorial Recall Election Information

A Special Election will be held on September 14, 2021 to recall Gavin Newsom from the office of Governor.

There are two sections for the voter to consider for the recall:

- The recall question asking if Governor Newsom should be recalled; and
- The contest to select a replacement if Governor Newsom is recalled.

You do not need to cast a vote for each section. You may cast a vote for either section or both.

A **“Yes”** vote on the recall question means the voter wants Governor Newsom recalled (removed) from office.

A **“No”** vote on the recall question means that the voter wants Governor Newsom to remain in office.

If a majority of the votes on the recall question are “Yes,” Governor Newsom shall be removed from office and the replacement candidate receiving the highest number of votes shall be declared elected for the remainder of the governor’s term of office. If one-half or more of the votes on the recall question are “No,” Governor Newsom shall remain in office.

The second question on the ballot considers those candidates who are campaigning to replace Governor Newsom, if he is recalled. A voter may vote for one of those candidates who are listed on the ballot or may write in the name of a qualified write-in candidate.

Voters, regardless of their party preference or lack of party preference, may vote for any replacement candidate. The party preference, if any, designated by a replacement candidate is selected by the candidate and is shown for the information of the voters only. It does not imply that the candidate is endorsed by the party or that the party approves of the candidate.

Estimated Costs to Administer the California Gubernatorial Recall Election

Pursuant to Elections Code section 11108(d), the Department of Finance, in consultation with the Secretary of State and county elections officials, has estimated the costs to administer the recall election of Governor Gavin Newsom to be \$276 million.

For more information relating to the costs of the recall election, please see the Secretary of State’s website at: <https://elections.cdn.sos.ca.gov/recalls/dept-finance-letter.pdf>

Q2

For the September 14, 2021, Gubernatorial Recall Election did you add or remove anything from the ballot instructions prescribed by the state and if so, the reason why? Please provide the instructions below or attach a copy of the ballot under Q8.

Added instructions for clarity to the text in the guidance. See commented PDF version of ballot in Q8.

Q3

What ballot instructions would you change or add to provide further assistance to voters?

We added instructions on using our ballot marking instruments (markers) at voting locations to indicate acceptable usage and further explanation on voting on question and/or recall candidates based on questions from voters to our office. See Q8 file.

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

Voters still asked if they can vote for a replacement candidate if they voted "NO" to the recall question due to misinformation or not reading the ballot instructions.

Q5

Did you provide any additional ballot instructions about how to vote on the recall questions or how to vote generally either on the ballot or in any other document (e.g., the County Voter Information Guide)? If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

On the ballot we added additional instructions. See Q8 file of the sample ballot.

In our County Voter Information Guide (CVIG) we had information on how to vote with our Vote-by-Mail Voter Instructions. See Q9 file for the CVIG.

Q6

What were the most common issues you encountered when designing the recall ballot?

The prescribed text and font size and prescribed by law forced us to go from the preferred sized ballot to a larger (8.5" x 17") which resulted in more issues for scanning/tabulation.

We had an additional contest that was consolidated with the recall election that we wanted to put on the same side of the ballot so it would not be inadvertently skipped by the voter on the back side of the ballot.

Q7

What Elections Code provision(s) or regulation(s) caused the issue(s) and prevented you from resolving it?

We resolved the issues with the larger ballot size.

Q8

What changes do you recommend that would remedy any problems you encountered during the recall election or any other election?

We use the Hart Verity system which has its own limitations on ballot design that we have to work with. For example, the instructions are centered and we cannot separate the "Voter-Nominated and Nonpartisan Offices" instructions from the ballot instructions. Any standardization will look different on each of the ballot systems as each system is generally created for national usage and not just California requirements and regulations.

Q9

If for the September 14, 2021, Gubernatorial Recall Election you added or removed anything from the ballot instructions prescribed by the state, please attach a copy of the ballot below.

Proponents' Statement of Reasons for the Recall and the Governor's Answer

The recall petition circulated throughout the state included a Statement of Reasons for a recall and the Governor's Answer to the Statement, which are provided below pursuant to Elections Code section 11325.

Proponents' Statement of Reasons

TO THE HONORABLE GAVIN NEWSOM: Pursuant to section 11020, California Elections Code, the undersigned registered qualified voters of the State of California, hereby give notice, we are the proponents of a recall petition and we intend to seek your recall and removal from the office of Governor in the State of California and to demand election of a successor in that office.

The grounds for this recall are as Follows: Governor Newsom has implemented laws which are detrimental to the citizens of this state and our way of life. Laws he endorsed favor foreign nationals, in our country illegally, over that of our own citizens. People in this state suffer the highest taxes in the nation, the highest homelessness rates, and the lowest quality of life as a result. He has imposed sanctuary state status and fails to enforce immigration laws. He unilaterally over-ruled the will of the people regarding the death penalty. He seeks to impose additional burdens on our state by the following; removing the protections of Proposition 13, rationing our water use, increasing taxes and restricting parental rights. Having no other recourse, we the people have come together to take this action, remedy these misdeeds and prevent further injustices.

Governor's Answer to the Statement

WARNING: THIS UNWARRANTED RECALL EFFORT WILL COST CALIFORNIA TAXPAYERS 81 MILLION DOLLARS! IT IS BEING PUSHED BY POLITICAL EXTREMISTS SUPPORTING PRESIDENT TRUMP'S HATEFUL ATTACKS ON CALIFORNIA.

In 2018 California voters elected Governor Gavin Newsom by historic margins.

As Governor, Newsom is working to 1) increase funding for public education, 2) protect and secure Californians' health and health care, 3) improve water, roads, and bridges, 4) address the challenges of housing affordability and homelessness, and 5) prepare for the threats of wildfires.

Our budget is balanced. Our fiscal reserves are unprecedented. Our economy and employment are historically strong.

Yet a handful of partisan activists supporting President Trump and his dangerous agenda to divide America are trying to overturn the definitive will of California voters and bring Washington's broken government to California with this recall effort.

The last thing California needs is another wasteful special election, supported by those who demonize California's people and attack California's values.

Do not be fooled - California's police officers, firefighters, first responders, public school teachers, health providers, and business leaders all **STRONGLY OPPOSE** this costly recall.

DO NOT HAND OVER YOUR SIGNATURE, YOUR SUPPORT OR YOUR PERSONAL, PRIVATE INFORMATION TO THIS DESTRUCTIVE RECALL SCHEME.

Estimated Costs to Administer the California Gubernatorial Recall Election

Pursuant to Elections Code section 11108(d), the Department of Finance, in consultation with the Secretary of State and county elections officials, has estimated the costs to administer the recall election of Governor Gavin Newsom to be \$276 million.

For more information relating to the costs of the recall election, please see the Secretary of State's website at: <https://elections.cdn.sos.ca.gov/recalls/dept-finance-letter.pdf>

Party Endorsements

In accordance with Section 13302(b) of the California Elections Code, the following qualified parties have endorsed the following candidates for a voter-nominated office.

The endorsements listed may be from a different political party than the candidate prefers. Voters should refer to the official ballot to view the candidates' political party preference, if any.

| Political Party | Endorsed Governor Candidate |
|----------------------|-----------------------------|
| Republican | None |
| Green | None |
| Libertarian | Jeff Hewitt |
| American Independent | Larry A. Elder |
| Democratic | None |
| Peace and Freedom | None |

The order that the political parties are printed in the party endorsement list follows the Randomized Alphabet Drawing conducted by the State on July 19, 2021. Please see the Secretary of State's website for the randomized alphabet order list at: <https://elections.cdn.sos.ca.gov/ccrov/2021/july/21098kl.pdf>

Accessible Voting System

Each Voter Assistance Center in the county will have three touch-screen voting systems equipped with:

- an audio option that reads the ballot to you.
- a universal plug for a personal assistive device.

Ballot Delivery to Your Home Computer

Voters can access the Remote Accessible Vote-by-Mail system ballot to mark a ballot in a screen-readable format from any computer with Internet access. Voters must print marked ballots and return them to the Yolo County Elections Office by mail or in person at a voting location.

Voting Information

Audio and Large Print Voter Information version of the information printed in the State and County Voter Information Guides are available upon request. Please email us at elections@yolocounty.org

Additional Assistance

Any voter who requires help to mark their ballot may declare so under an oath administered by a Voter Assistance Center poll worker. That voter may then bring up to two people into the booth to help them vote, provided those assistants are not representatives of the voter's employer or labor union.

Remote Accessible Vote-by-Mail System

Yolo County offers a Remote Accessible Vote-by-Mail (RAVBM) system to deliver ballots to voters. RAVBM is not Internet voting. Voters can mark their ballots at home, print them out and mail them back to the Yolo County Elections Office.

What Is RAVBM?

Voters can access and mark a ballot in a screen-readable format from any computer with Internet access. Marked ballots must be printed and returned to the Yolo County Elections Office by mail or in person at a voting location. To ensure the privacy of each voter's selections, the accessible vote-by-mail system does not store or transmit the voter's selections over the Internet.

How Can I Access the RAVBM System?

1. Request an RAVBM ballot access link

Contact the Elections Office by phone at (530) 666-8133, by email at elections@yolocounty.org or visit <https://sites.omniballot.us/06113/app/home>.

2. Mark your ballot

Use the access link to open your ballot. Review and mark the ballot on your own computer with your own assistive technology, if needed.

3. Review and print your ballot

Check your ballot and make corrections. Download and print your ballot.

4. Seal and sign the ballot envelope

Put your RAVBM ballot in the envelope you received in the mail. If you did not receive an envelope, download the return package and self-mail.

5. Return your ballot

By mail – Your envelope will include pre-paid postage!

At any Ballot Drop Box in Yolo County.

At any Voter Assistance Center or at the Yolo County Elections Office.

Frequently Asked Questions About Voter Registration

Q: When should I register to vote?

A: Register to vote by **August 30, 2021**, in order to vote in the **September 14, 2021 California Gubernatorial Recall Election**.

Q: Do I need to re-register?

A: You must re-register if you:

- Changed your address (even if you only moved to a new apartment in the same building).
- Changed your name.
- Want to change your political party preference.

Q: How do I update my voter registration?

A: You can change your voter registration online at registertovote.ca.gov or request a voter registration form to be mailed to you at elections@yolocounty.org. You can also update your voter registration in person at the Yolo County Elections Office.

Q: What if I miss the registration deadline?

A: If you miss the registration deadline, you may register using our Conditional Voter Registration (CVR) process. Come to the County Elections Office between August 31 and September 14 (Election Day) or to one of our 13 Voter Assistance Centers between September 11 and September 14 (Election Day) to complete a conditional voter registration.

Using the CVR process, you will first complete an affidavit of registration. You will then be given a CVR provisional ballot to vote on.

County staff will process your registration, determine your eligibility to vote and validate your information. Upon validation, they will count your ballot and record your registration as permanent.

The Voter Assistance Center and Ballot Drop Box location page in this guide contains information on all locations and times of operation.

Make Your Vote Count!

Missing Signature

You (no one else) must sign the return envelope for your vote to count! An unsigned return envelope cannot be counted.

The signature on the envelope that you use to send us your ballot must match the signature we have on file in your voter registration record.

If it doesn't match, we will contact you to find out what happened.

If you forgot to sign your vote-by-mail envelope or if the signature does not match your voter registration record, you can get a signature cure statement online at yoloelections.org/voting. Complete the **Unsigned Ballot Statement** form and return it to our office by 5:00 p.m. two days prior to the certification of the election.

Mismatched Signatures

Your signature must look similar to the signature on your voter registration record. If you typically print your signature, that is acceptable.

If your signature does not match, if you cannot remember how you signed your voter registration or if your signature has changed, you can get a signature cure statement online at yoloelections.org/voting.

Complete the **Signature Verification Statement** form and return it to our office by 5:00 p.m. two days prior to the certification of the election.

Witnessed Signature

You can vote even if you can't sign your name (CA Elections Code § 354.5). You can make a mark in the Voter Signature box.

A mark must be accompanied by the written name of the voter.

The voter's name must be written by a witness 18 years of age or older. The witness must sign on the witness signature line.

Ballot Deadline

Ballots must be

- **Returned in person** no later than 8:00 p.m. on Election Day or
- **Postmarked** by your local post office by its end of business on Election Day and received in our office by Tuesday, September 21.

Mail your ballot early to ensure we receive it in time to process.

Q3

What ballot instructions would you change or add to provide further assistance to voters?

Review of all voting instructions for all elections and revise to simplify the language

Q4

Did you receive any comments/complaints/questions regarding the ballot instructions? If so, please send a summary of the comments or the comments themselves.

We received some complaints regarding using markers on the ballot due to social media providing misinformation. Our voting system recommends using Sharpie markers to mark voting targets.

Voters did not have an understanding of how recalls work. Voters against the recall did not understand they could still vote for a candidate to replace the Governor if he was recalled.

If so, please provide those instructions below or attach a copy of the document on which the ballot instructions were printed on Q9.

Recall Election Information

How Recall Elections Work

On your ballot you will find:

- A question asking whether Governor Gavin Newsom should be recalled (removed) from office.
 - You may vote on the recall question regardless of how you vote, or if you vote, for a successor candidate.
- A contest to choose a successor candidate for that office in the event Governor Gavin Newsom is recalled.
 - You may vote for a successor candidate regardless of how you vote, or if you vote, on the recall question.

After the votes are tallied:

- If there are more "Yes" votes than "No" votes on a recall question, Governor Gavin Newsom will be recalled (removed) from office.
- If Governor Gavin Newsom is recalled, the successor candidate that receives the highest number of votes shall be declared elected for the remainder of Governor Gavin Newsom's term which expires on January 2, 2023
- If there are more "No" votes than "Yes" votes on the recall question, or if there is a tie vote, Governor Gavin Newsom shall remain in office.

INSTRUCTIONS TO VOTERS

INSTRUCTIONS TO VOTERS: USE ONLY A BLUE OR BLACK INK PEN TO FILL IN THE RECTANGLE.
DO NOT MARK OUTSIDE OF THE RECTANGLE OR YOUR VOTE MAY NOT BE COUNTED.

To vote on the recall question, mark the voting target to the left of the word “YES” if you desire to vote in favor of such recall; mark the voting target to the left of the word “NO” if you desire to vote against such recall.

You may vote on the recall question regardless of whether you vote for a successor candidate.

To vote for a candidate of your selection to succeed an officer subject to recall, and whose name appears on the ballot, mark the voting target next to the candidate's name.

To vote for a qualified write-in candidate, write the person's name in the blank space provided for that purpose below the names of other candidates for the same office and mark the the voting target to the left of the name you have written in.

You may vote for a successor candidate regardless of whether or how you vote on the recall question.

Please do not put any personal information on the ballot such as signature, name, initials or information that identifies you as the voter.

Voting by mail: After voting, review your ballot, remove the ballot stub(s) and place it in the ID return envelope. Sign the ID return envelope, print your Lake County residence address and date it before mailing it back in the postage paid return envelope.

Please be aware that a new law allows a County Elections Official to count a Vote-by-Mail ballot if it is POSTMARKED on or before Election Day and delivered to the elections office by the US Postal Service or a private mail delivery company no later than seven (7) days after Election Day. You are advised to request that the Post Office postmark your ballot.

Replacement ballots by mail: If you wrongly mark, tear or deface any portion of your ballot, you may request another ballot. Contact the Registrar of Voters office to request a replacement Vote-by-Mail ballot to be mailed to you.

In-Person Voting at Your Assigned Polling Place: To vote in-person at your assigned polling place site, you must surrender the ballot and envelope mailed to you and ask the poll worker to issue you a replacement ballot. You will be required to vote a Provisional Ballot if you are unable to surrender your Vote-by-Mail ballot and envelope. After voting, review your ballot, remove the ballot stub(s), and ask the poll worker for further instructions.

For the safety of our poll workers, voters, and employees, COVID-19 guidelines will need to be followed for in-person voting. Disposable face masks will be provided to voters if needed, as well as disposable gloves and hand sanitizer. Due to the size restraints at some of our polling place sites, there will be a limit on the number of voters allowed inside at a time to allow for social distancing. Please be patient and allow extra time, as there may be delays.

VOTING INSTRUCTIONS

- Remember to check both sides of the ballot, (if applicable).
- Do not vote for more than the number of candidates to be elected for each office.
- If you make a mistake in marking your ballot, don't try to correct it. Do not attempt to erase or cross out a choice after it has been made. If voting by mail, contact the Registrar of Voters office to request a replacement ballot. If voting in-person, at a polling place, return it to the Precinct Board Member and obtain another ballot.
