Hi Deirdre, I am writing to tell you that the new name of the party, or actually, the new party will be named the We Like Women & Science Party.

The reason for the new name is that when I was looking for methods to increase interest in the Superhappy Evolution & Neuroscience Party.

**I came up with the slogan: We like women,
Because we like women,
We want women to have more money, wealth,
power, assets, property, scientific education, etc..
We want every woman to live like a princess with
robotic servants,
We also want more women in power and more women
to win elections!**

I found out that women really liked the slogan and men who liked women really liked the slogan.

So after using the slogan for a couple weeks and I came to find out that the slogan is very likable, I decided that if I changed the name to the We Like Women Party, or actually, the We Like Women & Science Party (to give it a very intelligent, scientifically evolving image), then it would get more support from women and men who like women!

It is almost a 100% neuroscientific certainty that women will get more money and there will be more women in law schools, MD, and PhD programs and there will be more women in power if there is a We Like Women & Science Party in power!

Hence, the new name change is the We Like Women & Science Party!

The constitution and web site of the party is at <http://neurosciencelikeswomen.tripod.com/>

The name and address is still:

P.S. - Deirdre, I want to let you know that I truly enjoy working with you and that hopefully, eventually, there will be a We Like Women & Science Party on the ballot!
