The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

SUSPENDS AIR POLLUTION CONTROL LAWS REQUIRING MAJOR POLLUTERS TO REPORT AND REDUCE GREENHOUSE GAS EMISSIONS THAT CAUSE GLOBAL WARMING UNTIL UNEMPLOYMENT DROPS BELOW SPECIFIED

LEVEL FOR FULL YEAR. INITIATIVE STATUTE. Suspends State laws requiring reduced greenhouse gas emissions that cause global warming, until California's unemployment rate drops to 5.5 percent or less for four consecutive quarters. Requires State to abandon implementation of comprehensive greenhouse-gas-reduction program that includes increased renewable energy and cleaner fuel requirements, and mandatory emission reporting and fee requirements for major polluters such as power plants and oil refineries, until suspension is lifted. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local government: **Potential positive, short-term impacts on state and local**

government revenues from the suspension of regulatory activity, with uncertain longer-run impacts. Potential foregone state revenues from the auctioning of emission allowances by state government, by suspending the future implementation of cap-and-trade regulations.

INITIATIVE MEASURE TO BE SUBMITTED TO VOTERS

California Jobs Initiative

SECTION 1. STATEMENT OF FINDINGS

A. In 2006, the Legislature and Governor enacted a sweeping law designed to combat Global Warming, also known as "AB 32." At the time the bill was signed, the unemployment rate in California was 4.8%.

B. Since its adoption, California has been hit by a global recession and California's unemployment rate has now surpassed 12%.

C. Several studies predict that AB 32 will cost small businesses billions of dollars with massive increases in the price of gasoline, electricity, food and water thereby, slowing economic recovery and job creation.

D. AB 32 contains a provision that would allow the Governor to delay implementation in the event of "extraordinary circumstances, including "significant economic harm." Unfortunately, the Governor has not agreed that a global recession and massive unemployment should give way to an untested environmental law.

SECTION 2. STATEMENT OF PURPOSE

A. The people desire to suspend the operation and implementation of AB 32 until the state's unemployment rate returns to the levels at the time of its adoption.

SECTION 3. SUSPENSION OF AB 32

Division 25.6 (commencing with section 38600) of the Health and Safety Code is hereby added to read:

§38600(a) From and after the effective date of this measure, Division 25.5(commencing with section 38500) of the Health and Safety Code is suspended until such time as the unemployment rate in California is 5.5% or less for four consecutive calendar quarters.

(b) While suspended, no state agency shall propose, promulgate, or adopt any regulation implementing Division 25.5(commencing with section 38500) and any regulation adopted prior to the effective date of this measure shall be void and unenforceable until such time as the suspension is lifted.
