Deputy Secretary of State

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

LEGISLATURE EXPANSION. LEGISLATIVE PROCESS. INITIATIVE

CONSTITUTIONAL AMENDMENT. Increases size of Legislature almost 100-fold by dividing current Assembly and Senate districts into neighborhood districts such that each Assemblymember represents about 5,000 persons and each Senator represents about 10,000 persons. Provides for neighborhood district representatives to elect working committees the size of the current Assembly and Senate, 80 Assemblymembers and 40 Senators. Gives working committees the legislative power generally, and sole power to amend bills, but requires approval by appropriate vote of the full membership in each house for passage of any non-urgency bill. Reduces legislators' pay and expenditures. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local government: **Decreased state spending on the Legislature of over \$180 million annually. Increased county election costs, potentially in the range of tens of millions of dollars initially and lower amounts annually thereafter.** (11-0067.)

INITIATIVE MEASURE TO BE SUBMITTED TO VOTERS

SECTION 1. DECLARATION OF FINDINGS

A. Our state Legislature does not serve the interests of the citizens. The Legislature only serves the special interests. Prior attempts at reform have all failed.

B. The problem is that our Legislative districts are too big and cost taxpayers too much money. Our Legislators represent too many constituents. The average assembly district in the other 49 states has approximately 50,000 citizens. The average assembly district in California is nearly 10 times larger – approaching nearly 500,000 citizens.

C. It is no wonder that most citizens have never even met their legislative representative, much less been asked their opinion on an important policy issue. We should not be surprised that our Legislators are not our neighbors and do not share our concerns about the future.

D. The primary concern of our current Legislature is staying in office as long as possible and appeasing the special interests that donate to their campaigns that keep them in office.

E. Our system of representative government requires a citizen Legislature.

SECTION 2. STATEMENT OF PURPOSE

A. The size of legislative districts must be reduced so that Legislators represent the interests of their neighbors and not the special interests.

B. At the same time, the Legislature must function effectively and cost taxpayers less money. Procedures must be enacted to provide for the effective administration of legislative business and to protect taxpayers.

C. Therefore, the people hereby enact "The Neighborhood Legislature Reform Act."
