*Note: The figures under the heading 'Eligible' in these sections represent the Secretary of State's estimate of the number of people in California who are eligible to register to vote as of March 20, 2009.

Population estimate data from the Population Research Unit of the California Department of Finance were used to estimate each county's total population. Subtracted from this total was the estimated number of persons ineligible for registration because of age, felony convictions, and citizenship status. The figures given are unofficial but represent a reasonable estimate of the eligible voting population.
