Gentlemen:

This letter is to request your approval of a deadline extension to January 1, 2006, for counties to submit their project documentation.

It is our understanding that in order to submit project documentation, we must have an executed contract from a vendor with a "certified" system. Currently, only one vendor is "conditionally certified". Therefore, it would appear that this would be impossible to achieve at the present time.

An extension would provide a more reasonable timeframe to resolve outstanding certification issues and enable counties to make informed, fiscal decisions based on exact information, rather than "the unknown".

Thank you for your consideration.

Sincerely,

Vince T. Minto
