Addendum 1, Change Listing

---

**RFP Section I, I.D Department Official, page I-6**

---

**Reason for Change:** DGS and SOS resolved not to deliver draft and final proposals to SOS. All inquiries and submissions should instead be directed to the DGS Procurement at the DGS address.

**Revision:** Remove all text related to delivering draft and final proposals to SOS and revise the text describing the type of information that should be submitted to the Procurement Official to explicitly include submission of draft and final proposals and to underscore that all proposal-related questions should be directed to the Procurement Official. A complete replacement for Section I will be distributed as part of this Addendum and includes the revision described here as well as any other changes to Section I that are included in this Addendum. All changes are highlighted via using the “track changes” feature.

---

**RFP Section I, Subsection I.E. Bidder’s Library Contact (page I-6)**

---

**Reason for Change:** The link to the electronic Bidder’s Library was omitted from this section of the RFP and a hardcopy library was instead referenced. No hardcopy library is maintained for this RFP.

**Revision:** Delete I.E text and replace it with appropriate information about the electronic Bidder’s library. These changes are included in the updated Section I distributed with this Addendum.

---

**RFP Section II, Subsection II.C.5.a. Questions Regarding RFP (page II-3)**

---

**Reason for Change:** Clarify that responses to bidders’ questions about the RFP will not be individually answered as they are received. All questions and corresponding answers will be posted for all bidders as a single Question and Answer Set.

**Revision:** Add a paragraph to the end of the referenced section explaining the processing of questions and answers.

---

**RFP Section II, Subsection II.E.2.a. Alternative Protest Process, internet link (page II-9)**

---

**Reason for Change:** Specify new link for accessing Alternative Protest Process regulations (required due to changes in website)

**Revision:** Add new link note: this revision and text revisions noted above results in this information displaying on page II-10 in the revised Section II that is distributed with this Addendum.
