## *Acknowledgements*

*The researchers would like to sincerely thank the county elections officials and staff throughout the State of California who took time to provide data to the project. Additionally, we are grateful to the Secretary of State's Office for its continuing support and interest in this project. Without their assistance, the completion of these yearly reviews and the California Elections Data Archive would not be possible.*

# CALIFORNIA ELECTIONS DATA ARCHIVE

## INTRODUCTION

The California Elections Data Archive (CEDA) is a joint project of the Center for California Studies, and the Institute for Social Research (ISR), at the California State University, Sacramento, and the office of the California Secretary of State. The purpose of CEDA is to provide researchers, citizens, public agencies, and other interested parties with a single repository of local election data. With over 6,000 local jurisdictions in California, the task of monitoring local elections is nearly impossible for individuals. CEDA addresses this problem through the creation of a single, cost-effective, and easily accessible source of local election data. CEDA includes candidate, and ballot measure results for county, city, community college, and school district elections throughout the State. CEDA thus represents the only comprehensive repository of local election results in California and one of a very few such databases on local elections in the U.S.

### How the CEDA Data is Collected and Reported

ISR staff collects election data periodically throughout each calendar year. This enables CEDA to incorporate results from special elections as well as all regularly scheduled elections. ISR staff enters election results from counties, cities, community colleges, and school districts into the CEDA database and then uses this database to generate three standard CEDA reports. These reports include:

- County Elections: Candidates, ballot designations, and vote totals for all elected county offices; vote totals and text for county ballot measures.
- City Elections: Candidates, ballot designations, and vote totals for all elected city offices; vote totals, and text for all city ballot measures.
- Community College and School District Elections: Candidates, ballot designations, and vote totals for all elective community college and school district offices; vote totals and text for all district ballot measures.

ISR staff codes ballot measures for all jurisdictions according to type (e.g., charter amendment, taxes, bond measure, initiative, etc.) and to topic (e.g., education, public safety, governance, etc.).

## **THE CEDA PARTNERSHIP**

### **THE CENTER FOR CALIFORNIA STUDIES**

Located at California State University, Sacramento, the Center for California Studies is a public policy, public service, and curricular support unit of the California State University. The Center's location in the state Capital and its ability to draw upon the resources of the entire State University system give it a unique capacity for making contributions to public policy development, and the public life of California. Center programs cover four broad areas: administration of the nationally known Assembly, Senate, Executive, and Judicial Administration Fellowship Programs; university-state government liaison and applied policy research; civic education and community service through forums, conferences, and issue dialogues; and curricular support activity in the interdisciplinary field of California Studies.

### **INSTITUTE FOR SOCIAL RESEARCH**

Established in 1989, the Institute for Social Research (ISR) is a multidisciplinary institute that is committed to advancing the understanding of the social world through applied research. The Institute offers research expertise and technical assistance serving as a resource to agencies, organizations, the University, and the broader community. Services provided by the Institute include research and sampling design, measurement, coding and data entry, computer assisted telephone and field interviewing, mailed and Internet surveys, focus groups, data base management, statistical analysis, and report production. ISR has completed numerous projects with more than 50 federal, state and community agencies, several private firms, and many administrative units of the university. Faculty affiliates of the Institute offer specific content expertise in a wide variety of disciplines, including the social sciences, health and human services, engineering, and education.

### **CALIFORNIA SECRETARY OF STATE**

Among their other duties, the Secretary of State acts as California's chief elections officer with the responsibility of administering the provisions of the Elections Code. The Secretary must compile state election returns, and issue certificates of election to winning candidates; compile the returns and certify the results of initiative and referendum elections; certify acts delayed by referendum, and prepare and file a statement of vote. Recent legislation permits but does not mandate that the Secretary of State compile local election results.

To protect the quality of education in local elementary schools, attract and retain highly qualified teachers, continue science programs, arts and music instruction, maintain smaller class sizes, provide library services and prevent existing school funding from expiring, shall Santa Cruz City Elementary School District renew its \$105 parcel tax for a period of 8 years without raising the tax rate, including an exemption for senior citizens, independent citizen oversight, and all funds staying local to benefit Santa Cruz elementary schools?				
SONOMA	11/3/2015	Cotati-Rohnert Park Unified	Measure B	Pass (2/3 required)
To maintain quality education without increasing taxes and preserve local funding that cannot be taken by the State, shall Cotati-Rohnert Park Unified School District maintain reading, writing, math and science programs; attract and retain qualified teachers; keep school libraries open; and prepare students for college and careers, by renewing the expiring parcel tax at the current rate for eight years, with exemptions for senior citizens, independent citizen oversight, no money for administrators' salaries and all funds staying local?				
SONOMA	11/3/2015	Wilmar Union Elementary	Measure C	Fail (2/3 required)
Without increasing the current tax rate, to support academic excellence, provide stable funding the State cannot take away, to keep school libraries open, maintain computer and technology programs, reading programs, for small class sizes, music programs and for necessary programs and materials, shall the Wilmar Union School District be authorized to levy \$50 per parcel annually for eight years, have no funds for administrators' salaries, provide a senior citizens' exemption and have all funds stay local?				
VENTURA	11/3/2015	Las Virgenes Unified	Measure E	Pass (2/3 required)
To protect the quality of education in our local schools, fund core programs in math, science, reading, technology and the arts, attract/retain highly qualified teachers, counselors, and technology specialists, maintain smaller class sizes, enhance student achievement and prepare our students for success in college and careers, shall Las Virgenes Unified School District continue for twelve years the existing \$98 annual school parcel tax without raising the current rate, with an exemption for seniors, and all money staying local?
