A GUIDE TO VOTING IN CALIFORNIA
Why vote?

Elections are a critical element of our democracy. Casting a ballot can change the course of our nation, our state, and the communities we live in. Your vote helps elect presidents, our representatives in Congress, our state legislature, city council members, judges, and many others whose decisions have a direct impact on our daily life. Through the ballot box, you also have the power to help create new laws or repeal those you disagree with.

The right to vote has been hard-fought. Women, minorities, and non-landowners were all prohibited from voting earlier in our nation’s history. In 1911, women gained the right to vote in California, nine years before women’s suffrage was guaranteed in the 19th Amendment to the U.S. Constitution. Just 50 years ago, President Lyndon Johnson signed the Voting Rights Act, landmark federal legislation designed to remove barriers to participation in the electoral process for African Americans, and later, other racial minorities. Our nation’s veterans have also ensured that our democratic principles, including the right to vote, are protected.

By registering to vote and casting a ballot on Election Day, you have the power to strengthen our democracy. The California Secretary of State is committed to honoring the legacy of those who have so valiantly fought for our democracy by protecting your right to vote.

This guide describes many of the rights and responsibilities of voters and provides important information you need in order to vote and have your voice heard.
Can I register to vote?

To register to vote in California, you must be:

• A United States citizen;
• A resident of California;
• 18 years of age or older on Election Day;
• Not currently in state or federal prison or on parole for the conviction of a felony; and
• Not currently found mentally incompetent to vote by a court of law.

How do I register to vote?

You can visit RegisterToVote.ca.gov or call the Secretary of State’s Voter Hotline at (800) 345-VOTE (8683).

Voter registration applications are provided at many places throughout the state:

• County elections offices or city halls
• Vote centers or satellite offices (where applicable)
• Public libraries
• Post offices
• Department of Motor Vehicles field offices
• State and county social services offices
• State and county mental health offices
• Department of Rehabilitation offices
• Independent Living Centers
• Department of Developmental Services Regional Centers
• Franchise Tax Board district offices
• Armed Forces recruitment offices

If you have a California identification card or driver license, you must provide the number on your voter registration application. If you do not have one of those two types of identification, provide the last four digits of your social security number. If you do not have a social security number, you will be assigned a unique identification number for voting purposes only.
When do I register to vote?

While you may register to vote or re-register at any time, in most cases you must be registered to vote at least 15 days before an election day to be eligible to vote in that election. After that deadline has passed, you will need to go to your county elections office or a polling location to complete the “same-day” voter registration process to register and vote. This process is referred to as conditional voter registration (CVR). Once your county elections official has verified your voter registration, your ballot will be processed and counted.

You should re-register to vote if you move, change your name, or want to choose or change your political party preference. The easiest way to update your registration is online at RegisterToVote.ca.gov.

Contact your county elections official or visit sos.ca.gov for more information.

How do I choose my political party preference?

You may choose one of California’s qualified political parties when you register to vote. Choosing a political party preference ensures that you can vote for that party’s candidates in a presidential primary election.

You may also indicate on your voter registration application that you do not want to choose a political party, which means you will be registered as a No Party Preference (NPP) voter. In presidential primary elections, some political parties allow NPP voters to help choose their candidates. In all elections, NPP voters may vote for ballot measures and candidates running for U.S. congressional, state constitutional offices, state legislative, local, and nonpartisan offices.

How do statewide primary and general elections work?

A primary election determines which candidates are nominated to advance to a general election, held a few months later. U.S. congressional, state constitutional offices, and state legislative offices are known as voter-nominated offices. In a primary election, all candidates for these voter-nominated offices are listed on one ballot. Any voter may vote for any one candidate in each contest, regardless of the voter or candidate’s political party. The top-two candidates, regardless of party preference, who receive the most votes in each primary contest move on to
the general election. After a top-two primary, a general election must be held even if one candidate receives a majority of the vote (at least 50 percent +1) and even if there is only one candidate in the primary election.

This top-two primary system does not apply to candidates running for U.S. President, county central committee, or local offices.

How do Presidential Primary Elections work?

For presidential primary elections, your political party affects which candidates you can vote for the office of U.S. President. If you are registered with a political party, you can only vote for that party’s presidential candidates at a primary election.

However, some parties allow voters registered with No Party Preference to vote for their presidential candidates at a primary election. No Party Preference voters must request one of these “cross-over” ballots either from their county elections official or at the polls if they wish to vote for a party’s presidential candidate.

Visit howtovoteforpresident.sos.ca.gov for more information on how to participate in California’s presidential primary.

Am I registered to vote?

To check your voter registration status, visit voterstatus.sos.ca.gov or call your county elections office.

Can I vote by mail?

Yes, any registered voter can vote by mail either permanently or for one election. You can permanently register to receive a vote-by-mail ballot for each election when filling out your voter registration application. If you are not registered to permanently vote-by-mail, you must request a vote-by-mail ballot from your county elections office at least seven days before an election day. Fill out the vote-by-mail ballot application in your county voter information guide, find one by visiting sos.ca.gov, or contact your county elections office. You may also
write out your request including your name, the address where you live, the address where you want to receive your vote-by-mail ballot, your signature, and the name and date of the election in which you want to vote by mail.

To find out if you are already registered to vote by mail, visit voterstatus.sos.ca.gov or contact your county elections office.

Vote-by-mail ballots can be returned either:

- **By mail:** Your voted ballot must be postmarked on or before Election Day and received by your county elections office no later than three days after Election Day.

- **In person:** You may deliver your voted ballot to your county elections office, a vote-by-mail ballot drop box, a vote-by-mail ballot drop off location, vote center, or any polling place within the state before 8:00 p.m. on Election Day.

Can I track the status of my vote-by-mail ballot?

The Secretary of State has established a system that county elections officials may use to allow vote-by-mail voters to sign up to receive notifications by email, text, or voice message regarding the status of their vote-by-mail ballot.

For more information on participating counties and how to sign up, visit www.sos.ca.gov/elections/ballottracking.
Can I sign up to permanently vote by mail?

Yes, any registered voter may ask to permanently vote by mail and automatically receive a mailed ballot for every election. You can cancel your permanent vote-by-mail status at any time. Your county elections official will only cancel your permanent vote-by-mail status upon your request or if you do not vote in four consecutive statewide general elections.

How can I register and vote if I am a military or overseas voter?

Registering to Vote:

Military or overseas voters may register to vote using any of the following methods: (1) the Secretary of State’s online form at RegisterToVote.ca.gov; (2) the Federal Voting Assistance Program’s (FVAP) Online Assistant at fvap.gov/california; or (3) the Federal Post Card Application (FPCA), available at fvap.gov/uploads/FVAP/Forms/fpca2013.pdf. County elections officials will accept FPCAs through the mail or fax.

Requesting a Ballot:

Even if you are or were registered to vote in your county, in order to receive your election materials and vote when you are absent from your county while serving and/or living overseas, you need to apply for a vote-by-mail ballot by registering online at RegisterToVote.ca.gov or by completing the FPCA at fvap.gov, as detailed above.

Returning a Voted Ballot:

Ballot return information, including method for submission of ballots, for each California county is listed on the Secretary of State’s website at sos.ca.gov/elections/voter-registration/vote-mail/#military. Voted ballots may not be returned by email.
How can I vote when I am away at college?

As a Californian living away from home while attending college, you have the option of registering to vote using your home address or your college address. When registering to vote, you are able to specify the address at which you wish to be registered and you can request a vote-by-mail ballot be mailed to you while attending college.

How do I know what will be on my ballot?

State Voter Information Guide:
The Secretary of State’s Official Voter Information Guide is mailed to every voter household a few weeks before Election Day. This nonpartisan guide has details about statewide ballot measures, some candidates, and voter rights. Guides are provided in 10 languages: English, Chinese, Hindi, Japanese, Khmer, Korean, Spanish, Tagalog, Thai, and Vietnamese. The guide can also be viewed online at voterguide.sos.ca.gov.

English, non-English, audio, and large print guides can be ordered free of charge by calling the Secretary of State’s Voter Hotline at (800) 345-VOTE (8683), or by visiting sos.ca.gov.

County Voter Information Guide:
County elections officials mail a county voter information guide to each registered voter. This guide shows what your ballot will look like and includes information about local candidates, local ballot measures, your polling place address, an application for a vote-by-mail ballot, and more. The guide may also describe how voters with disabilities can vote privately and independently.

How can I vote early?
Californians can vote early at their county elections office beginning 29 days before an election. Your county may have vote centers and satellite locations that offer early voting. For a list of early voting locations, vote centers, and ballot drop boxes, visit caearlyvoting.sos.ca.gov.
How do I vote at a polling place?

Finding Your Polling Place:
When you receive your county voter information guide in the mail prior to each election, your polling place will be listed on the back cover. If you do not receive your guide, contact your county elections office. You can also find your polling place by visiting voterstatus.sos.ca.gov, calling the Secretary of State’s Voter Hotline at (800) 345-VOTE (8683), or texting the word “Vote” to GoVote (468-683).

At Your Polling Place:
Polls are open in California from 7:00 a.m. to 8:00 p.m. on Election Day. At your polling place, you will check in with a poll worker and they will explain the process of casting your ballot. The poll worker will give you a paper ballot, unique passcode, or computer memory card, depending on the voting system your county uses. If you are not familiar with how to mark a ballot or make a mistake on your ballot, ask a poll worker for instructions.

At a Vote Center:
Some counties are using vote centers. Vote centers will be open up to 10 days before Election Day and are similar to polling places. For more information, visit voterschoice.sos.ca.gov or contact your county elections office.
What if I have a disability or need assistance to vote?

If you need assistance in marking your ballot, you may choose one or two people to help you as long as neither are your employer, your employer’s agent, your labor union leader, or your labor union’s agent.

Voters with Disabilities:

State and federal laws require polling places and vote centers to be physically accessible to voters with disabilities. County elections officials inspect each site and often make temporary modifications to the sites for Election Day. Every person who works in a polling place or vote center is trained on election laws and the rights of voters with disabilities.

In addition, state and federal laws also require that all voters be able to cast their ballots privately and independently. Each polling place or vote center must have one voting machine that allows voters, including those who are blind or visually impaired, to cast a ballot without assistance. The voting machine permits you to verify your vote choices and, if there is an error, allows you to correct those choices before submitting your final ballot.

If curbside voting is available, you may get as close as possible to the voting area and an elections official will bring the voting materials to you. Contact your county elections office to determine if curbside voting is available.

Some counties offer an accessible option called RAVBM (remote accessible vote-by-mail). RAVBM allows voters with disabilities to receive their ballots at home and mark them independently and privately before sending them back to elections officials. Contact your county elections official to see if this option is offered in your county.

Language Assistance:

The Secretary of State and county elections offices offer a wide variety of election-related materials and assistance in languages covered under the federal Voting Rights Act. Covered languages may differ by county but can include: Chinese, Hindi, Japanese, Khmer, Korean, Spanish, Tagalog, Thai, and Vietnamese. Contact your county elections office for more information.
Do I need to show identification when I vote?

In most cases, California voters are not required to show identification before they vote. If you are voting for the first time after registering by mail or online and did not provide your California identification number, driver license number, or the last four digits of your social security number on your registration application, you may be asked to show a form of identification when you go to the polls. Make sure you bring identification with you to the polls or include a copy of it with your vote-by-mail ballot. For a complete list of the acceptable forms of identification, contact your county elections office or read “Polling Place ID Requirements” at sos.ca.gov/elections/hava-id-standards/.

What if my name is not on the list at the polling place?

If your name is not on the polling place list, you have the right to cast a provisional ballot.

In California, provisional ballots serve as a fail-safe method of ensuring all voters who show up to the polls can cast a ballot. All provisional ballots are carefully checked by county elections officials to confirm that the person who voted provisionally is both registered and that they did not cast a ballot by mail or at another polling location on Election Day. You can check whether your provisional ballot was counted and, if it was not counted, the reason why, by visiting voterstatus.sos.ca.gov.

How does California secure our elections?

California elections officials take many measures to ensure the accuracy and integrity of our elections.

California has the highest certification standards for voting systems in the country. New voting systems applying for certification in California go through months of testing, including functional testing, source code review, red team security testing that involves experts trying to “break into” the voting system, and accessibility and volume testing as well. County elections officials test their systems for logic and accuracy before each election.

For over a decade, California has required that every ballot either be paper or have a voter verifiable paper audit trail. Elections officials conduct a manual audit of a random 1% of ballots after each and every election to ensure vote count machines are accurate.
What is the Voter’s Choice Act?

The California Voter’s Choice Act (VCA) is an election model that provides more options to voters by allowing them to choose when, where, and how to cast their ballot. In VCA counties, all registered voters receive their ballot in the mail weeks before the election and have different options for how to cast their ballot. Voters can return their ballot by mail, at ballot drop boxes, ballot drop-off locations, or in-person at any vote center. Vote centers offer early voting opportunities and enhanced services beginning 10 days before Election Day.

To learn more about the Voter’s Choice Act and to see if your county is participating, visit voterschoice.sos.ca.gov.
VOTER BILL OF RIGHTS
YOU HAVE THE FOLLOWING RIGHTS:

1. The right to vote if you are a registered voter. You are eligible to vote if you are:
   • A U.S. citizen living in California
   • At least 18 years old
   • Registered where you currently live
   • Not currently in state or federal prison or on parole for the conviction of a felony
   • Not currently found mentally incompetent to vote by a court

2. The right to vote if you are a registered voter even if your name is not on the list.
   You will vote using a provisional ballot. Your vote will be counted if elections officials determine that you are eligible to vote.

3. The right to vote if you are still in line when the polls close.

4. The right to cast a secret ballot without anyone bothering you or telling you how to vote.

5. The right to get a new ballot if you have made a mistake, if you have not already cast your ballot. You can:
   Ask an elections official at a polling place for a new ballot,
   Exchange your vote-by-mail ballot for a new one at an elections office, or at your polling place, or
   Vote using a provisional ballot.

6. The right to get help casting your ballot from anyone you choose, except from your employer or union representative.

7. The right to drop off your completed vote-by-mail ballot at any polling place in California.

8. The right to get election materials in a language other than English if enough people in your voting precinct speak that language.

9. The right to ask questions to elections officials about election procedures and watch the election process. If the person you ask cannot answer your questions, they must send you to the right person for an answer. If you are disruptive, they can stop answering you.

10. The right to report any illegal or fraudulent election activity to an elections official or the Secretary of State’s office.
