CHAPTER _____

An act to add Section 50675.1.5 to the Health and Safety Code, and to add Section 5960.31 to, to add Chapter 4 (commencing with Section 5965) to Part 7 of Division 5 of, and to repeal Section 5960.45 of, the Welfare and Institutions Code, relating to behavioral health, by providing the funds necessary therefor through an election for the issuance and sale of bonds of the State of California and for the handling and disposition of those funds.

LEGISLATIVE COUNSEL'S DIGEST

AB 531, Irwin. The Behavioral Health Infrastructure Bond Act of 2023.

Existing law establishes the Multifamily Housing Program administered by the Department of Housing and Community Development. Existing law requires assistance for projects under the program to be provided in the form of deferred payment loans to pay for eligible costs of specified types of development, as provided. Existing law requires that specified funds appropriated to provide housing for individuals and families who are experiencing homelessness or who are at risk of homelessness and who are inherently impacted by or at increased risk for medical diseases or conditions due to the COVID-19 pandemic or other communicable diseases be disbursed in accordance with the Multifamily Housing Program for specified uses.

The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA does not apply to the approval of ministerial projects. Existing law, until July 1, 2024, exempts from CEQA a project funded to provide housing for individuals and families who are experiencing homelessness, as described above, if certain requirements are satisfied, including if the project proponent obtains an enforceable commitment to use a skilled and trained

workforce for any proposed rehabilitation, construction, or major alterations, as specified.

This bill would provide that projects funded by the Behavioral Health Infrastructure Bond Act of 2024 that provide housing for individuals and families who are experiencing homelessness or who are at risk of homelessness and who are inherently impacted by or at increased risk for medical diseases or conditions due to the COVID-19 pandemic or other communicable diseases and are disbursed in accordance with the Multifamily Housing Program, or projects that are disbursed in accordance with the Behavioral Health Continuum Infrastructure Program, are a use by right and subject to the streamlined, ministerial review process. The bill would define use by right for these purposes to mean that the local government's review of the project does not require a conditional use permit, planned unit development permit, or other discretionary local government review or approval that would constitute a project subject to the approval process in CEQA.

Because the bill would revise the approval process of specified projects, the bill would impose a state-mandated local program.

Existing law authorizes the State Department of Health Care Services to, subject to an appropriation, establish a Behavioral Health Continuum Infrastructure Program to award grants as specified for the construction, acquisition, and rehabilitation of behavioral health treatment resources, as described. Existing law repeals this program on January 1, 2027.

This bill would continue that program indefinitely.

Existing law, the Bronzan-McCorquodale Act, contains provisions governing the operation and financing of community mental health services in every county through locally administered and locally controlled community mental health programs. Existing law, the Mental Health Services Act (MHSA), an initiative measure enacted by the voters as Proposition 63 in the November 2, 2004, statewide general election, establishes the Mental Health Services Fund to fund various county mental health programs.

This bill would enact the Behavioral Health Infrastructure Bond Act of 2024 which, if approved by the voters, would authorize the issuance of bonds in the amount of \$6,380,000,000 to finance loans or grants for the acquisition of capital assets for the conversion, rehabilitation, or new construction of permanent supportive housing for veterans and others who are homeless and meet specified

criteria, and for grants for the Behavioral Health Continuum Infrastructure Program, as specified.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The bill would provide for the submission of specified sections of this bill and SB 326 to the voters at the March 5, 2024, statewide primary election.

The people of the State of California do enact as follows:

SECTION 1. Section 50675.1.5 is added to the Health and Safety Code, to read:

50675.1.5. (a) (1) Notwithstanding any other law, projects to provide housing pursuant to paragraph (1) or (2) of subdivision (a) of Section 5965.04 of the Welfare and Institutions Code, shall be a use by right and shall be subject to the streamlined, ministerial review process, pursuant to subdivision (b), if it meets all of the following criteria:

(A) It is located in a zone where multifamily residential use, office, retail, or parking are a principally permitted use.

(B) At least 75 percent of the perimeter of the site adjoins parcels that are developed with urban uses.

(C) It satisfies the requirements specified in subparagraphs (B) to (K), inclusive, of paragraph (6) of subdivision (a) of Section 65913.4 of the Government Code.

(D) It is not on a site or adjoined to any site where more than one-third of the square footage on the site is dedicated to industrial use.

(E) The development will meet the following objective zoning standards, objective subdivision standards, and objective design review standards:

(i) The applicable objective standards shall be those for the zone that allows residential use at a greater density between the following:

(I) The existing zoning designation for the parcel if existing zoning allows multifamily residential use.

(II) The zoning designation for the closest parcel that allows residential use at a density deemed appropriate to accommodate housing for lower income households in that jurisdiction as specified in paragraph (3) of subdivision (c) of Section 65583.2 of the Government Code.

(ii) The applicable objective standards shall be those in effect at the time that the development application is submitted to the local government pursuant to this section.

(iii) A development proposed pursuant to this section shall be eligible for the same density bonus, incentives or concessions, waivers or reductions of development standards, and parking ratios applicable to a project that meets the criteria specified in subparagraph (G) of paragraph (1) of subdivision (b) of Section 65915 of the Government Code.

(F) No housing units were acquired by eminent domain.

(G) The housing units will be in decent, safe, and sanitary condition at the time of their occupancy.

(H) The project meets the labor standards contained in Sections 65912.130 and 65912.131 of the Government Code.

(I) The project provides housing for persons who meet the criteria specified in subdivision (a) of Section 5830 of the Welfare and Institutions Code and their families.

(J) Long-term covenants and restrictions require the housing units to be restricted to persons who meet the criteria specified in subdivision (a) of Section 5830 of the Welfare and Institutions Code for no fewer than 30 years.

(2) (A) For purposes of this subdivision, parcels only separated by a street or highway shall be considered to be adjoined.

(B) For purposes of this subdivision, “dedicated to industrial use” means any of the following:

(i) The square footage is currently being used as an industrial use.

(ii) The most recently permitted use of the square footage is an industrial use.

(iii) The site was designated for industrial use in the latest version of a local government’s general plan adopted before January 1, 2022.

(b) The project shall be subject to the following streamlined, ministerial review process:

(1) (A) If the local government determines that a development submitted pursuant to this section is consistent with the objective planning standards specified in this section, it shall approve the development.

(B) If a local government determines that a development submitted pursuant to this section is in conflict with any of the objective planning standards specified in this section, it shall provide the development proponent written documentation of which standard or standards the development conflicts with, and an explanation for the reason or reasons the development conflicts with that standard or standards, within the following timeframes:

(i) Within 60 days of submission of the development proposal to the local government if the development contains 150 or fewer housing units.

(ii) Within 90 days of submission of the development proposal to the local government if the development contains more than 150 housing units.

(C) If the local government fails to provide the required documentation pursuant to subparagraph (B), the development shall be deemed to satisfy the required objective planning standards.

(D) (i) For purposes of this section, a development is consistent with the objective planning standards if there is substantial evidence that would allow a reasonable person to conclude that the development is consistent with the objective planning standards.

(ii) For purposes of this section, a development is not in conflict with the objective planning standards solely on the basis that application materials are not included, if the application contains substantial evidence that would allow a reasonable person to conclude that the development is consistent with the objective planning standards.

(E) The determination of whether a proposed project submitted pursuant to this section is or is not in conflict with the objective planning standards is not a "project" as defined in Section 21065 of the Public Resources Code.

(2) Design review of the development may be conducted by the local government's planning commission or any equivalent board or commission responsible for design review. That design review shall be objective and be strictly focused on assessing compliance with criteria required for streamlined, ministerial review of projects,

as well as any reasonable objective design standards published and adopted by ordinance or resolution by a local jurisdiction before submittal of the development to the local government, and shall be broadly applicable to developments within the jurisdiction. That design review shall be completed as follows and shall not in any way inhibit, chill, or preclude the ministerial approval provided by this section or its effect, as applicable:

(A) Within 90 days of submittal of the development proposal to the local government pursuant to this section if the development contains 150 or fewer housing units.

(B) Within 180 days of submittal of the development proposal to the local government pursuant to this section if the development contains more than 150 housing units.

(c) Division 13 (commencing with Section 21000) of the Public Resources Code shall not apply to actions taken by the Department of Housing and Community Development, the State Department of Health Care Services, or a local agency to provide financial assistance or insurance for the development and construction of projects built pursuant to this section.

(d) The applicant shall file a notice of exemption with the Office of Planning and Research and the county clerk of the county in which the project is located in the manner specified in subdivisions (b) and (c) of Section 21152 of the Public Resources Code.

(e) For purposes of this section, the following definitions shall apply:

(1) "Objective zoning standards," "objective subdivision standards," and "objective design review standards" mean standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official before submittal. These standards may be embodied in alternative objective land use specifications adopted by a city or county, and may include, but are not limited to, housing overlay zones, specific plans, inclusionary zoning ordinances, and density bonus ordinances.

(1) The project is a behavioral health treatment and residential setting, including, but not limited to, children’s residential crisis programs, peer respite, children’s and adult substance use disorder residential programs, recovery housing, short-term residential therapeutic program, and social rehabilitation program, and shall be located in a zone where residential, office, retail, or parking are a principally permitted use.

(B) This paragraph shall not be construed to limit the discretion of local jurisdictions to permit real estate assets in a zone not expressly provided in this paragraph.

(b) Projects, as applicable, pursuant to this section shall comply with the core components of Housing First, as defined under subdivision (b) of Section 8255, and may include recovery housing, as defined by the United States Department of Housing and Urban Development.

5965.15. (a) Notwithstanding any provision of this chapter or the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, under designated conditions, or is

otherwise entitled to a federal tax advantage, the Treasurer may maintain separate accounts for the investment of bond proceeds and the investment earnings on those proceeds.

(b) The Treasurer may use or direct the use of those proceeds or earnings to pay a rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of those bond proceeds, required or desirable under federal law, to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

5965.16. The proceeds from the sale of bonds authorized by this chapter are not “proceeds of taxes” as that term is used in Article XIII B of the California Constitution, and the disbursement of these proceeds is not subject to the limitations imposed by that article.

5966. (a) (1) The Department of Housing and Community Development, in coordination with the Department of Veterans Affairs, shall determine the methodology and distribution of the funds provided pursuant to paragraph (1) of subdivision (b) of Section 5965.04, used for the purposes provided in paragraph (1) of subdivision (a) of Section 5965.04.
