RE: Redistricting Maps: Corrected Assembly District Maps Follow Up

On December 30, 2021, the California Citizens Redistricting Commission (CRC) further clarified to the Secretary of State that the corrected Assembly District maps sent on December 29, 2021, were accurate. However, the changes were limited only to San Diego County Assembly District 78 and 79 in both the equivalency and shapefiles. No other counties were affected.

The corrected Assembly District maps distributed to counties via CCROV # 21217 onto the Secretary of State's secure FTP service, Axway, are accurate.
