RE: Initiatives: Report on County and Municipal Initiative Measures (2019/2020)

On or before April 1 of each odd-numbered year, Elections Code sections 9112 and 9213 require each county elections official and each city clerk to file a report with our office describing the citizen-generated initiative measures within their jurisdiction during the preceding two years. The April 1, 2021, report must contain information on all citizen-generated initiative measures circulated or voted on in calendar years 2019 and 2020. Please note: A measure placed on the ballot by the legislative body (board of supervisors or city council), recall, referendum, or due to the passage of Proposition 218 is not required to be reported.

Attached you will find a reporting form to assist you in making this report. Please report on the form even if you had no initiative measures in your county or city during this time period.

The report is due in our office no later than **April 1, 2021**. Please return the form to:
