

July 21, 2021

County Clerk/Registrar of Voters (CC/ROV) Memorandum # 21103

TO: All County Clerks/Registrars of Voters

FROM: /s/ Susan Lapsley  
Deputy Secretary of State, HAVA and Counsel

RE: Voting Systems: OVSTA Monthly Update –July 2021

Each month, the Office of Voting Systems Technology Assessment (OVSTA) provides an update on Election Assistance Commission (EAC) and Secretary of State (SOS) activities related to voting technology.

Each update provides information on:

- Voting technology related events that may be of interest.
- Administrative approval requests and denials since the prior month's update.
- Voting technology testing and approval at the SOS office.
- Defect, failure, and fault reports issued since the prior month's update.
- Ballot printing certification requests since the prior month's update.

### **Helpful Updates and Reminders**

**California Gubernatorial Recall Election**-The California Gubernatorial Recall Election has been called by the Lt. Governor for September 14, 2021.

**Post-Election Reporting**- After the California Gubernatorial Recall Election, per the California Elections Code, jurisdictions shall submit the following Post-Election reports:

- One Percent Manual Tally report with submission of your official canvass.
- Notification of any voting system defect, fault, or failure within 30 days of discovery.
- Remote accessible vote by mail (RAVBM) system user report within 30 calendar days of certifying the election results.
- Notification of any RAVBM defect, fault, or failure within 30 days of discovery.
- Notification of any ePollBook breach, attempted breach, defect, failure or fault within 24 hours of discovery.

**Tint and Watermark Assignment Requests-** Per the California Code of Regulations §20280, any jurisdiction conducting an election in California, shall request a ballot tint and watermark from the Secretary of State's Office. Jurisdictions may submit tint and watermark requests to [votingsystems@sos.ca.gov](mailto:votingsystems@sos.ca.gov).

The watermark for the September 14, 2021, California Gubernatorial Recall Election is the California State Seal. The tint for the background and watermark is Lavender PMS Purple (15-3817). More information on the tint and watermark assignment is available [here](#).

**Disposal or Sale of Equipment-** Regarding the disposal or sale of equipment:

- In 2012, the California Secretary of State issued guidance regarding the disposition or sale of equipment purchased with HAVA and/or VMB funding. See Secretary of State (SOS) County Clerk/Registrar of Voters (CC/ROV) Memorandum #12219 - Handling the Sale and Funds from the Sale of Voting Systems or Voting Equipment. The document outlines proper disposal or sale procedures of voting systems or voting equipment purchased with HAVA and/or VMB funding. The document also highlights that all equipment must be void of any software or firmware and returned to a condition of a non-functioning piece of hardware prior to its disposal or sale.
- See also the US-CERT issued Security Tip (ST18-005) outlining proper disposal procedures for electronic devices.

**Election Record Retention-** As a reminder, pursuant to California Elections Code sections 17301-17306, the retention and preservation of election records, which includes digital ballot images is 22 months. Several voting system tabulation components are capable of producing digital ballot images. Additional information regarding how to backup, retain, and preserve the digital ballot images, and whether or not your jurisdiction's voting system has this capability, can be found in the respective Use Procedures, [here](#).

### **Testing and Certification at the EAC**

On February 10, 2021, the EAC adopted the Voluntary Voting System Guidelines (VVSG) 2.0. More information on the VVSG 2.0 requirements and the EAC's implementation timeline are available [here](#).

The EAC provides [updates](#) on voting system testing. The latest update from the EAC was provided on March 19, 2021. However, based upon discussions with vendors, no systems currently undergoing testing and certification at the EAC are relevant to California.

Additional information regarding each voting system are available at: "[Voting Systems Under Test](#)" and "[Certified Voting Systems](#)".

On July 7, 2021, the EAC held a roundtable discussion regarding new data on voter turnout, methods of voting and other trends for citizens with disabilities during the 2020 general election. More information on the public meeting is available [here](#).

### **Voting Technology Testing and Approvals**

OVSTA receives and reviews applications for certification and approval from voting technology vendors on a continuous basis. The status of current applications can be found below:

<b>System</b>	<b>Type</b>	<b>Applicant</b>	<b>Submission Date</b>	<b>Testing Phase</b>
Pollpad v2.5.3	ePollBook	KNOWiNK	03/02/21	Pre-Test Planning
Verity Voting 3.1.1	Voting System	Hart	05/11/21	Documentation Review
Democracy Suite 5.10A	Voting System	Dominion	05/25/21	Documentation Review
VSAP 2.5	Voting System	LA County	06/16/21	Pre-Test Planning
VSAP 2.5.2	RAVBM	LA County	06/16/21	Pre-Test Planning
VSAP 3.0	Voting System	LA County	07/07/21	Application Under Review

### **Administrative Approvals Requests and Approvals**

OVSTA has received an application for modification for the KNOWiNK's Pollpad v2.5.3. The modification requested is for an operating software update to IOS 14.6. The system is undergoing testing, along with a review of the documentation submitted.

OVSTA has received an application for modification of the Hart Verity Voting 3.1.1 voting system. The modifications include replacement of workstations, tablets and printers that are end-of-life and no longer available. The application and supporting documentation are currently under review.

OVSTA has received an application for modification of the Dominion Democracy Suite 5.10A voting system. The application includes modification of the ImageCast Precinct II paper sensor, and replacement of workstations, laptops power supplies and memory sticks that are end-of-life and no longer available. The application and supporting documentation are currently under review.

OVSTA has received an application for modification of the Los Angeles County Voting Solutions for All People 2.0 voting system and the Interactive Sample Ballot remote accessible vote by mail system. The applications, respectively, include modifications to the systems to support the voter's experience. The application has been reviewed and pre-test planning is underway.

Information regarding administrative approval requests can be found [here](#).

### **Defects, Failures, and Faults**

No defects, faults or failures were reported in June.

### **Electronic Poll Book Certification Requests and Approvals**

No electronic poll book certification requests or approvals were received or granted in June.

A list containing certified electronic poll book vendors can be found [here](#).

### **Ballot Printing Certification Requests and Approvals**

OVSTA received an application from Toppan Merrill, requesting certification for printing of Dominion ImageCast ballots. The application is currently in the initial review phase.

A list of certified ballot printers can be found [here](#).

### **Ballot on Demand Printing Requests and Approvals**

OVSTA received an application in April from Runbeck Election Services, requesting certification for the Sentio Ballot Printing System version 9.2 for printing of Dominion ImageCast ballots, Election Systems & Software Electionware ballots, and Hart InterCivic Verity ballots. The application is currently in the post-testing phase.

A list of certified ballot on demand systems can be found [here](#).
