State Voter Information Guide Mailing Reimbursement

COST REPORT GUIDELINES

VIGs MAILED BY THE COUNTY

Please enter the number of records in the error file received from the Secretary of State for E-59 and E-29. Error files contained voter addresses that were missing necessary fields or had some other error in their data that made them undeliverable. Counties are responsible for mailing the State Voter Information Guide to these voters.

COST CATEGORIES

I. POSTAGE:

A. Additional Mailings.

For the June 7, 2022, Primary Election, the Secretary of State completed the supplemental mailing to those voters who registered between the 59th and 29th day before the election. Additional mailings refer to all State Voter Information Guides mailed by counties to confidential voters, addresses in the error files sent from VoteCal, and to any voters who requested the State Voter Information Guide pursuant to Elections Code section 9094(b). If you included county election materials with these mailings, report the cost under category I. Postage, D. Combined Mailing.

B. Combined Mailing.

Some counties enclose State Voter Information Guides in envelopes with County Voter Information Guides, vote-by-mail ballots, and other election materials. If your county combined the State Voter Information Guide with other materials, indicate the number of State Voter Information Guides mailed with County Voter Information Guides and/or vote-by-mail ballots, or other materials and indicate the total weight of each package. If the State Voter Information Guides caused the weight of the total package to fall into a new postal rate category, the State will pay for the additional postage cost only.

II. **MATERIAL AND PRINTING**

This applies to the costs of the labels, the printing of labels, or the processing cost to address the labels.

- A. Mailing of State Voter Information Guides Only (no other materials included).
Counties may be reimbursed for labeling costs for additional mailings to confidential addresses, "error" file addresses from VoteCal, and voters who specifically requested a state VIG.
- B. Combined Mailing (State Voter Information Guides with County Voter Information Guides, Vote-by-Mail Ballots, etc.).
Only *additional* costs caused by State Voter Information Guides included in the mailing will be reimbursed. For instance, if you were required to use a larger envelope to accommodate the State Voter Information Guide with the mailing of your election materials, the state will reimburse the cost difference between the envelope you normally use and the envelope you were required to use to accommodate the State Voter Information Guide. Please provide any documentation you may have available to substantiate the costs.

III. **DIRECT LABOR (include staff benefits)**

- A. Mailing of State Voter Information Guides Only (no other materials included).
Direct labor costs reported are 100% reimbursable for mailing of State Voter Information Guides only. If you have multiple staff with different rates of pay, please include the total and write, "varies" on the form and attach a breakdown of those various rates of pay.
- B. Combined Mailing (State Voter Information Guides with County Voter Information Guides, Vote-by-Mail Ballots, etc.).
Where counties mailed State Voter Information Guides with other election materials, reimbursement will be based on the pro-rated costs calculated according to the number of items mailed. Example: If a county incurs a direct labor cost of \$100.00 to mail packets containing four items each, and the State Voter Information Guide is two of the four items, the state would pay half (50%) of the direct labor cost, which would be \$50.00. If the State Voter Information Guide is only one of the four items, the state would pay a quarter (25%) of the direct labor cost, which would be \$25.00.

IV. **INDIRECT LABOR / OVERHEAD**

Indirect labor/overhead is reimbursable up to 10% of your direct labor costs without documentation. If claiming higher than 10%, detailed substantiation must be included with this claim. The state will consider approving higher rates based only on convincing documentation.

V. **BILLING FROM MAILING FIRMS**

If you contracted with a private vendor to print, mail, or address your labels for mailing State Voter Information Guides, show the amount you were billed in this category. Please submit a copy of the vendor's invoice with your cost report. Without the invoice, we cannot reimburse this cost. It is helpful if the invoice clearly shows the mailing date(s), quantity, and specific charges for mailing of state VIGs.

VI. **OTHER COSTS**

Attach explanations and identify each cost as being connected with the mailing of State Voter Information Guides. Example: One "other cost" might be freight paid for additional State Voter Information Guides ordered.
