RE: Presidential Primary: State Voter Information Guide Mailing
Reimbursement Claims

In order to receive reimbursement for costs related to your county's mailing of the state Voter Information Guide for the March 5, 2024, Presidential Primary Election, please complete the attached form and return it to me no later than **Friday, May 31, 2024**. Please return the signed forms via mail or electronically to vigfeedback@sos.ca.gov.

A few reminders before completing your claim:

- 1) If you mailed the state Voter Information Guides along with other election materials, the Secretary of State can only reimburse for the state Voter Information Guide portion of costs incurred for labor, postage, combination mailings, etc.
- 2) If you used a mailing house to mail, print, or address your labels for the state Voter Information Guides, you must include the invoices with your claim form. Please also indicate the dates of all vendor mailings on your reimbursement claim form.
- 3) The signature of the County Clerk/Registrar of Voters is needed on the Cost Summary Sheet.
- 4) We will adjust the indirect labor/overhead rate only if a county can provide sufficient documentation to substantiate a rate higher than the 10% currently allowed.
- 5) The Secretary of State is only authorized to reimburse for state Voter Information Guide mailings to (a) confidential voters, (b) voters with records in the error files provided by VoteCal, (c) military and overseas voters, and (d) voters registered after 29 who specifically requested the state Voter Information Guide.

Please do not hesitate to contact me at vigfeedback@sos.ca.gov or call me at (916) 516-4902 if you need clarification or assistance in completing your claim.

State Voter Information Guide Mailing Reimbursement

COST REPORT GUIDELINES

STATE VIG MAILINGS BY THE COUNTY TO THE FOLLOWING VOTERS ARE REIMBURSABLE:

- A. Confidential voters.
- B. Voters with addresses in the error files. The error files received from the Secretary of State for the E-60 and E-29 VIG mailings contained registration records that were missing necessary fields or had some other error in their data that made them undeliverable. Counties were responsible for mailing the state Voter Information Guide to these registrants.
- C. Military and overseas voters (foreign files). The files received from the Secretary of State for the E-60 and E-29 VIG mailings contained military and overseas voter mailing addresses. Counties were responsible for mailing the state Voter Information Guide to these registrants.
- D. Voters registered after E-29 who specifically requested the state VIG.

COST CATEGORIES:

I. POSTAGE

- A. Additional Mailings of state Voter Information Guides Only (no other materials included).
Since 2018, the Secretary of State has completed the supplemental mailing of state Voter Information Guides to those voters who registered between the 59th and 29th day before the election. Additional mailings refer to all state Voter Information Guides mailed by counties to confidential voters, voters with addresses in the error files provided by VoteCal, military and overseas voters, and to any voters who requested the s Voter Information Guide pursuant to Elections Code section 9094(b). If you included county election materials with these mailings, report the cost under category I.B. Postage for Non-Vendor Combined Mailings on p. 3.

B. Combined Mailings (state Voter Information Guides with County Voter Information Guides, Vote-by-Mail Ballots, etc.).

Some counties enclose state Voter Information Guides in envelopes with County Voter Information Guides, vote-by-mail ballots, and other election materials. If your county combined the state Voter Information Guide with other materials, indicate the number of state Voter Information Guides mailed with County Voter Information Guides and/or vote-by-mail ballots, or other materials and indicate the total weight of each package.

If the state Voter Information Guides caused the weight of the total package to fall into a new postal rate category, the State will pay for the additional postage cost only.

II. **MATERIAL AND PRINTING**

This applies to the costs of the labels, the printing of labels, or the processing cost to address the labels.

A. Additional Mailings of state Voter Information Guides Only (no other materials included). Counties may be reimbursed for labeling costs for additional mailings to voters with confidential addresses, voters with addresses in the error files provided by VoteCal, military and overseas voters addresses, and addresses of voters who specifically requested a state VIG.

B. Combined Mailings (state Voter Information Guides with County Voter Information Guides, Vote-by-Mail Ballots, etc.). Only *additional* costs caused by including state Voter Information Guides in the mailing will be reimbursed. **Example:** If you were required to use a larger envelope to accommodate the state Voter Information Guide with the mailing of your election materials, the state will reimburse the cost difference between the envelope you normally use and the envelope you were required to use to accommodate the state Voter Information Guide. Please provide any documentation you may have available to substantiate the costs.

III. DIRECT LABOR (includes staff benefits)

- A. Additional Mailings of state Voter Information Guides Only (no other materials included). Direct labor costs reported are 100% reimbursable for mailing of state Voter Information Guides only. If you have multiple staff with different rates of pay, please include the total and write, "varies" on the form and attach a breakdown of those various rates of pay.
- B. Combined Mailings (state Voter Information Guide with County Voter Information Guides, Vote-by-Mail Ballots, etc.).
If counties mailed state Voter Information Guides with other election materials, reimbursement will be based on the pro-rated costs calculated according to the number of items mailed. **Example:** If a county incurs a direct labor cost of \$100.00 to mail packets containing two items each, and the state Voter Information Guide is one of the two items, the state will pay half (50%) of the direct labor cost, which would be \$50.00. If the state Voter Information Guide is only one of the four items, the state would pay a quarter (25%) of the direct labor cost, which would be \$25.00.

IV. INDIRECT LABOR / OVERHEAD

Indirect labor/overhead is reimbursable up to 10% of your direct labor costs without documentation. If claiming higher than 10%, detailed substantiation must be included with this claim. The state will consider approving higher rates based only on sufficient documentation.

V. BILLING FROM MAILING FIRMS

If you contracted with a private vendor to print, mail, or address your labels for mailing state Voter Information Guides, show the amount you were billed in this category. **Submit a copy of the vendor's detailed invoice with your cost report.** Without the invoice, we cannot reimburse this cost. Please be sure that the invoice shows the mailing date(s), quantities mailed, and specific charges for the mailing of the state Voter Information Guides. You will also need to specify the type of mailing associated with each invoice, e.g., mailings to confidential voters, to voters with addresses in the error files, to military and overseas voters, or to voters who specifically requested the state Voter Information Guide.

VI. OTHER COSTS

Attach explanations and identify each cost as being connected with the county's mailing of state Voter Information Guides. **Example:** One "other cost" might be freight paid for additional state Voter Information Guides ordered.
