RE: Statewide Special Election: Election Materials – Reporting of Errors

In order to ensure all elections are conducted efficiently and state election law is consistently and uniformly enforced, counties are asked to report any substantive errors made in the production or distribution of election-related materials provided to voters (such as ballots, county voter information guides, inserts, outreach materials, etc.) for the November 4, 2025, Statewide Special Election as they are discovered. This will allow the Secretary of State's office to provide guidance and share any best practices or lessons learned with all county elections officials. A fillable form has been provided along with this CCROV to facilitate ease of reporting.

When reporting errors, please provide the following:

- Description of Error
- Date of occurrence or date of discovery
- Type of Error (such as typographical, missing information, incorrect information, translations, mailing related, technical, etc.)
- Number of total registered voters in the jurisdiction
- Number of affected voters and percentage relative to total registered voters
- Corrective action taken

Please return the completed error reporting form to jhirai@sos.ca.gov.

By sharing errors and their solutions, election officials will assist in mitigating and/or preventing future errors throughout the state. Should you have any questions, please feel free to contact me at jhirai@sos.ca.gov or (916) 603-7903.
