RE: Presidential Primary: Early Voting, Ballot Drop-off Location, and Ballot Return/Counting Location Survey

The Secretary of State's office is requesting information on early voting and ballot drop-off locations for non-Voter's Choice Act (VCA) counties, and ballot return/counting locations for all counties, for the upcoming March 3, 2020, Presidential Primary Election.

The address of your elections office will be listed on our website as an early voting and drop-off location; however, please include any extended hours your office may have and any additional locations in your county. We would also like to know which locations will have 24-hour drop-boxes. In accordance with Senate Bill 72 (Chapter 565, Statutes of 2019) we will be noting on the early voting website that all permanent and satellite county elections offices and all polling places will be offering conditional voter registration.

Ballot Return/Counting sites will not be posted on the early voting webpage but are being collected in the event of power outages or natural disasters that would affect any of these locations.

VCA counties should be inputting their vote center and ballot-drop off locations into VoteCal.

Attached is a fillable PDF survey with a sample of how we would like to receive your county's data. Use as many sheets as needed. Please complete and return the attached PDF survey via email to sbrar@sos.ca.gov or fax to (916) 653-3214 no later than **January 20, 2020**.

If you have any questions, you may contact me directly at (916) 695-1580. Thank you for your assistance.
