Must a person provide identification when registering to vote?

- Yes. When registering or re-registering to vote, the voter must provide a California driver license or state ID number, if they have one, in the fields provided on the affidavit of registration.
- If the voter does not have a California driver license or state ID number, they must provide the last four numbers of their Social Security number in the field provided.

When is the last day to register to vote for an election?

A person must submit a completed and signed affidavit of registration to their county elections office no less than 15 days before an election to be eligible to vote in that election. If the deadline has passed, they have the opportunity to “conditionally” register to vote and vote provisionally. (Elec. Code, § 2170.) Can inmates register and vote?

A person loses the right to register and vote while they are in state or federal prison or on parole for the conviction of a felony. Once their state or federal prison term or county jail term (for serving a state prison sentence) and parole period is completed, the person’s ability to vote (if they were previously registered) or to

register and vote is restored. For more information on the rights of people who have been incarcerated, please see the Secretary of State's [Voting Rights: Persons with a Criminal History](#).
