Linda Webster - Assistant Registrar of Voters

Results of the Manual Tally of Votes Cast For the Consolidated Presidential Primary Election March 3, 2020

Per California Elections Code §15360, 1% of randomly selected precincts and 1% of randomly selected vote by mail ballots cast in the election are required to be hand tallied to verify the accuracy of the voting system tabulation.

The public was noticed on February 28, 2020 that the random selection of precincts and batches would occur on March 9, 2020 at 9 a.m. and the manual tally of the ballots would commence following the random selection. The random selection of precincts and batches was conducted on March 11, 2020. The manual tally began on March 13, 2020 and was completed on March 18, 2020.

One-percent of the 198 polling place precincts in the election equates to 2 precincts. One-percent of the 69,951 vote by mail ballots counted and included in the audit equates to 700 ballots. Traditionally, El Dorado County draws additional random precincts to include ballots from each supervisorial district, city and state assembly district thus exceeding the legal requirement. Additional precincts and batches were drawn to include contests not present in the original selection(s).

A handwritten signature in blue ink, appearing to read "BO'Neill", written over a faint grid.

Bill O'Neill
El Dorado County Registrar of Voters
