Description of any discrepancies noted (include details about each discrepancy and how each was resolved; also include anything unusual observed during the manual tally process or anything that may improve the manual tally process):

Precinct 360 was selected for the manually tally. Initial count of the precinct indicated there was one ballot more than the precinct results reflected. After counting each contest, the ballot was identified. The ballot had white out over the voting box. The votes on the ballot were manually added to the final results.
