Method used to choose precincts and batch of ballots to manually tally (include description of random selection method):

The procedure begins with the randomized selection of precincts from Vote Centers and batches of Vote by Mail ballots. Selection is determined through a dice roll using three (3) or four (4) nine-sided dice and matching the resulting three (3) or four (4) numbers to a corresponding precinct number or Vote by Mail batch.

The One Percent Manual Tally, including the rolling of the dice, is open to the public. The rolling of the dice is livestreamed on our Twitter page @smcvote. Past observers have rolled the dice to help select the precincts and the batches.
