## Report of Manual Tally

### California Statewide Direct Primary Election

### Tuesday, November 8, 2022

**Official Canvass:** The official canvass was completed and certified on Friday, December 2, 2022. This process consisted of several steps which were conducted per Chapter 4, commencing with Election Code Section 15300. These steps include an inspection of all materials and supplies returned from each voting location, processing and counting vote by mail ballots and ballots cast at and returned from each voting location, including same day registration (CVR/PV) ballots, a reconciliation of signatures in the Voting Location check-ins with votes recorded, a reconciliation of ballots counted with the number of votes recorded, a manual tally of 1% of the ballots cast and tabulated by the voting systems. The Department notified the public of the schedule of activities and invited any and all interested individuals and/or groups to observe.

**1% Manual Tally of Paper Ballots:** The 1% manual tally includes ballots cast from randomly selected voting locations, including random return groups of vote-by-mail, early voted ballots, and election day in person ballots. The "one percent manual tally" is defined by Election Code Section 336.5 as "the public process of manually tallying votes in 1 percent of the precincts, selected at random by the elections official, and in one precinct for each race not included in the randomly selected precincts. This procedure is conducted during the official canvass to verify the accuracy of the automated count."

On Tuesday, November 29th at 9:00 am, the Department conducted a system generated "One Percent Random Sample." The random selection included countywide vote by mail ballots, and 1 complete Vote Center (San Juan Bautista Community Center) from in person voting.

CANVASS SUMMARY	MACHINE COUNTED	MANUAL COUNTED	MANUAL PERCENTAGE
Vote by Mail Ballots	18,219	382	2.10%
In Person Voting	1,626	290	17.84%
<b>TOTAL</b>	<b>19,845</b>	<b>672</b>	<b>3.39%</b>

During the Official Canvass and Manually Tally of Paper Ballots there were no notable discrepancies.
