

REPORT OF 1% MANUAL TALLY
[Elections Code section 15360]

County: Tulare

Election: June 2, 2026 Statewide Direct Primary

Manual tally method used: ☐ One Part [section 15360(a)(1)]

☒ Two Part [section 15360(a)(2)]

Date and time notice provided (attach copy of the notice):

April 30, 2026

Internet website where additional information about the manual tally is posted, if applicable:

<https://tularecounty.ca.gov/elections>

Date and time the manual tally commenced, beginning with the random selection of precincts and batches (must be after the close of the polls on Election Day):

June 11, 2026 8:00 a.m.

Date and time the manual tally finished:

June 17, 2026 5:30 p.m.

Estimated number of members of the public who observed the process:

0

Total number of ballots counted in this election (official canvass numbers):

Polling place / vote center ballots (including provisionals)	8,666
Vote-by-mail ballots	63,574

Total number of ballots manually tallied:

Polling place / vote center ballots (including provisionals)	101
Vote-by-mail ballots	1,556

Precincts in the county for this election (attach list describing all precincts with the number of ballots in each, indicating whether ballots are polling place / vote center, vote-by-mail, or provisional):

Total number of precincts in the election	161
Total number of precincts selected for the manual tally	2

Batches of vote-by-mail or provisional ballots (attach list describing each batch with the number of ballots in each, indicating whether ballots are polling place / vote center, vote-by-mail, or provisional):

Total number of batches in the election	1,441
Total number of batches selected for the manual tally	16

Method used to choose precincts and batch of ballots to manually tally (include description of random selection method):

See attached 1% manual tally selection page for information.

attach additional pages if necessary

Description of any discrepancies noted (include details about each discrepancy and how each was resolved; also include anything unusual observed during the manual tally process or anything that may improve the manual tally process):

No discrepancies were noted.

attach additional pages if necessary

Registrar of Voters

Standard Operating Procedures

Subject: Two-Part 1% Manual Tally Ballot/Batch Selection

Polling Place – 1% by Voting Precinct

1. Determine the total number of voting precincts in the election.
 - You will use this number to select one precinct per 100 precincts for the 1% manual tally.
 - If 1% of the total precincts is less than one whole precinct, conduct the tally in one whole precinct.
2. Create an Excel workbook titled **1% Manual Tally Batch Selection**.
 - In the workbook, create a worksheet with the following columns:
 - **Column A: Assigned Number.** Here you will List sequential numbers for each Voting Precinct number in the election.
 - **Column B: Polling Location Voting precinct number.** List the Polling Place Voting Precinct numbers individually.
 - **Column C: Polling Location Name.** List the corresponding Polling Place associated with the Voting Precinct number in column B. For example:

Assigned Number	Polling Location Voting Precinct	Polling Location Name
1	1021001	EXETER MEMORIAL #2
2	1022001	FAITH TABERNACLE #1
3	1023001	EXETER MEMORIAL #3

3. Use a random number generator to select one voting precinct per 100 total voting precincts.
 - Match each randomly generated number to its corresponding entry in Column A to identify the polling location voting precinct that will be manually tallied.
 - Random number generator link: <https://q.co/kgs/oDKMpZW>
4. Once you have the randomly selected voting precincts/polling locations you will need to run an individual **Election Summary Report** for each

of the randomly selected precincts/polling places. These reports will be run at the Voting System Results Tally Report workstation.

5. Pull the box of voted ballot for each voting precinct/polling location randomly selected and place it in a red bin until the tally board is ready to being.
6. Provide the ballots and tally sheets to the 1% Manual Tally Board for hand tallying.
7. Compare the hand tally results to the Election Summary Report generated in Step 4.
8. If the manual tally results match the Election Summary Report:
 - Have the tally board sign the Tally Board Oath for that batch.
 - Then, provide the next randomly selected batch for tallying.
9. If the hand count results differ from the Election Summary Report:
 - The tally board must re-count the ballots.
 - If discrepancies persist after the re-count, set the ballots aside for management to review and document any/all discrepancies.

Vote By Mail – 1% by Batches

1. Determine the total number of Vote-by-Mail (VBM) batches tallied in the election.
 - You will use the steps below to select one batch per 100 tallied batches for the 1% manual tally.
 - In addition to the 1% manual tally of the vote by mail batches, the elections official shall, for each race not included in the initial 1% manual tally of vote by mail batches, count one additional batch of vote by mail ballots. The manual tally shall apply only to the race(s) not previously counted.
 - Additional batches may include vote by mail and provisional batches.
2. In the **1% Manual Tally Selection** workbook, create a new worksheet labeled **ICC Batches**.
 - In this worksheet:
 - Create a separate column for each ICC scanner used in the election.

- List all the batches processed by each scanner. For example:

ICC1 Vote-By-Mail Batch Number	ICC2 Vote-By-Mail Batch Number	ICC3 Vote-By-Mail Batch Number	ICC4 Vote-By-Mail Batch Number	ICC5 Vote-By-Mail Batch Number
ICC1_001	ICC2_001	ICC3_001	ICC4_001	ICC5_001
ICC1_002	ICC2_002	ICC3_002	ICC4_002	ICC5_002
ICC1_003	ICC2_003	ICC3_003	ICC4_003	ICC5_003

- Use a random number generator to select:
 - One ICC scanner and then
 - One batch from that selected scanner's batches
 - Random number generator link: <https://q.co/kgs/oDKMpZW>
- At the Voting System **Results Tally Report** workstation run the following reports:
 - From the **RTR** application: run an **Election Summary Report** for each selected batch. For step-by-step directions on how to run the report refer to the Dominion California Ballot Handling and Post-Election Guide beginning at page 125. The guide is saved in the IT folder on the shard drive.
 - From the **ADJ** application: run an **Adjudication Summary Report** for each selected batch. For step-by-step directions on how to run the report refer to the Dominion California Ballot Handling and Post-Election Guide beginning at page 136. The guide is saved in the IT folder on the shard drive.
- Pull the selected batches from the counted ballots boxes then place batches in a red bin.
- Provide the ballots and tally sheets to the 1% Manual Tally Board for hand tallying.
- Compare the hand tally results to the Election Summary Report generated in Step 4.
- If the manual tally results match the Election Summary Report:
 - Have the tally board sign the Tally Board Oath for that batch.
 - Then, provide the next randomly selected batch for tallying.
- If the hand count results differ from the Election Summary Report:
 - Consult the Adjudication Summary Report to determine whether the discrepancy is due to a disagreement over adjudication.
 - If discrepancies remain:
 - The tally board must re-count the batch.
 - If discrepancies persist after the re-count, set the batch aside for management to review and document any/all discrepancies.

NOTICE OF CENTRAL COUNT
ACCUMULATION AND COMMENCEMENT
OF VOTE BY MAIL BALLOT PROCESSING
AND THE 1% MANUAL TALLY

As per Elections Code 12109, notice is hereby given that at the Gubernatorial Primary Election to be held on **June 2, 2026**, all voted ballots will be counted on a Dominion Precinct Ballot Tabulator voting unit at each polling location, and the results will be accumulated at the Tulare County Registrar of Voters Office after the polls close on Election Day. All valid Vote by Mail, Provisional and Conditional Voter Registration Ballots will be counted at a central location on a Dominion ImageCast Central Scanner tabulation machine and not at a polling location. That central location will be at the Tulare County Registrar of Voters Office located at 5300 West Tulare Ave. Suite 105, Visalia, California.

The polls will be open from 7:00 a.m. until 8:00 p.m. on Election Day.

As per Elections Code 15104, the Registrar of Voters also hereby notifies all interested organizations that the verifying of signatures and the opening and central count accumulation of Vote by Mail voter ballots cast for the Statewide Direct Primary Election will commence on **May 5, 2026** in the County Registrar of Voters Office, 5300 West Tulare Ave. Suite 105, Visalia, California. This process will continue until all election results are tabulated and the election is certified.

The processing of Vote by Mail ballot return envelopes, and the processing and counting of Vote by Mail ballots, shall be open to the public, both prior to and after the election.

Any member of the County Grand Jury, and one member each of the Republican County Central Committee, the Democratic County Central Committee and of any other party with a candidate on the ballot, and any other interested organization, shall be permitted to observe and challenge the manner in which the Vote by Mail voter ballots are processed, from the opening

through the counting and disposition of the ballots.

Notice is further given that the batches for the manual 1% tally will be randomly selected on **June 11, 2026** at the Tulare County Registrar of Voters Office, 5951 South Mooney Boulevard, Visalia, California. The 1% manual tally of selected batches will begin on **June 16, 2026**.

To register as an observer call the Registrar of Voters Office at: (559) 839-2100.

Dated: **April 30, 2026**
