With the November 3rd Election drawing near, we’ll be regularly updating this social media toolkit and redistributing at every major benchmark. We want to be sure every Californian has the information they need to vote come November 3rd and trust in the process. We rely on partners like you to make that possible.

Review the calendar provided and note which topic is being given priority at that time. For example, we’ll want to push out registration related graphics heavily ahead of the deadline, before shifting gears fully towards voting related graphics. That said, please feel free to use any and all graphics as needed.

Any support will help ensure widespread awareness about our elections, and promote trust in the process and the outcome during these turbulent times. Thank you and please let us know if you have any questions!
Plan to post the Spotlight graphics on the day we note in our spotlight section. For this toolkit, that will be September 4th. We provide graphics and messaging optimized for each platform, or you can use the same across all platforms.

Then, review our social media calendar and note which topic is given priority at that time for you to post as often as you see fit.

Each topic has image files optimized for each platform, you can choose to use the optimized images, or the same images across all platforms.

We provided sample messaging for each topic. Match the image topic to a key message found in pages 11-15.

Post the content (image and text) across each platform at the same time.

Alternatively, the Secretary of State’s Office will be posting content daily as well, so you can repost from our account (handles below).
