

The Peace and Freedom Party is a working-class party in a country run by and for the wealthy and their corporations. We should not have to sacrifice our health, livelihoods, and planet for billionaires' profits. Tax the rich, whose wealth is created by workers, to fund people's needs.

Our Goals:

Human Rights: Free health care for all, including abortion and gender affirming care. Free education for everyone, preschool through university. Full immigrant rights; no deportations. End homelessness, housing for all. Living wage jobs or guaranteed income; labor rights for all. End all discrimination, racism, LGBTQ and women's oppression. Comprehensive services for disabled people.

Environment: Reverse climate change. Restore and protect the environment

Justice: Abolish the death penalty. Stop police abuse and prison torture.

Peace: No U.S. wars, sanctions, or coups. Close foreign bases.

Democracy: Repeal California's "top two" election law. Implement proportional representation.

While capitalism puts the wealthy first, we continue to suffer war, police brutality, low wages, unsafe workplaces, and pollution. We advocate socialism: the ownership and democratic control of the economy by the people. By taking control of our industries and natural resources, we can make progress for the common good.
