

**Statement of Purpose:**

The California Republican Party is working for a California where we can afford a home, gas, groceries, electricity, and where our paychecks go further.

If you vote Republican, we will end policies that artificially increase prices and make housing unattainable.

If you vote Republican, we will put public safety first. We will back law enforcement and first responders, keep repeat violent criminals off the street, and take on fentanyl with strong enforcement, prevention, and treatment.

If you vote Republican, we will ensure schools focus on the fundamentals, expand career and technical instruction, encourage parental involvement in their child's education, and ensure students are prepared for college or a fulfilling career.

If you vote Republican, we will fix what Sacramento has ignored: more water storage, reliable electricity, better roads and freeways, and effective wildfire prevention. We will set deadlines, track results, stop waste, and end fraud.

If you vote Republican, we will address homelessness with compassion and results, with more mental health care and drug treatment with clear oversight of every dollar.

Republicans stand with workers and small businesses. We believe in freedom, fair rules, and a state government that lives within its means.

If you want real solutions, vote Republican.
