

## **Preface**

I am pleased to provide this Statement of Vote to all Californians. This document reports voter registration and participation results for the March 2, 2004 presidential primary election as well as prior elections dating back to 1910.

The report contains the count-by-county totals of votes cast for the offices of President of the United States, United States Senator, United States Representative, State Senator (the odd-numbered districts), Member of the State Assembly, and for the statewide ballot measures.

**KEVIN SHELLEY**

Secretary of State

## ABOUT THIS STATEMENT OF VOTE

### The Introduction

This Statement of Vote contains a wealth of information. In the introductory pages, you will find the voter registration and participation statistics reported by county for this election and statewide for past general elections starting with the November 8, 1910 election. Also included are the signature requirements for qualifying an initiative or referendum measure for the ballot, or a new political party to nominate state-level candidates. The voting systems used by the counties and a brief description of each one is next, followed by a brief discussion of the processes of electing the president, United States Senators, and members of Congress and the State Legislature. The last section in the introduction contains the summaries of votes cast for ballot measures alone and for all offices and measures on the statewide ballot.

### The Statement of the Vote

The Statement of Vote reports the county-by-county vote cast for each candidate and measure on the ballot. For example, in a statewide contest such as United States Senator the vote is reported by all 58 counties, listed in alphabetical order with the statewide total at the bottom. Candidates are listed in party alphabetical order, major parties first followed by the smaller parties; i.e., Democratic, Republican, American Independent, Green, Libertarian, Natural Law, and Peace and Freedom. Independent and write-in candidates are listed last.

## **Signature Requirements for Qualifying Initiative and Referendum Petitions in 2003, 2004, 2005, and 2006**

(Based on the Number of Persons who Voted for the Office of Governor at the 2002 General Election)

### **Initiative**

Often called "direct democracy", the initiative is the power of the people to propose statutes, amendments to the state constitution or general obligation bond measures for voter approval or rejection. An initiative statute requires the signatures of registered voters equal in number to 5% of the votes cast for all candidates for governor in the last general election to qualify for the ballot; an initiative constitutional amendment requires signatures equaling 8% of the gubernatorial vote. A qualified initiative is placed on the ballot at a regularly scheduled statewide election that occurs at least 131 days after the measure qualifies, or at a special election called by the Governor. Any initiative that qualifies after the 131-day deadline is placed on the next ensuing statewide ballot. The Legislature may amend or repeal initiative statutes, but must submit the amendment/repeal to a vote of the people, unless the initiative statute permits amendment or repeal without voter approval.

Number of Signatures Required for an Initiative Constitutional Measure: **598,105**  
[8 percent of 7,476,311 (Art. II, § 8(b), Constitution)]

Number of Signatures Required for an Initiative Statutory Measure: **373,816**  
[5 percent of 7,476,311 (Art. II, § 8(b), Constitution)]

### **Referendum**

Referendum is the power of the people to approve or reject statutes adopted by the Legislature, except those that are urgency, that call for elections, or that provide for tax levies or appropriations for usual current expenses of the state. Citizens wishing to block implementation of a legislatively adopted statute must gather and have verified within 90 days of enactment of the bill signatures equal in number to at least 5% of the votes cast for all candidates for governor in the last gubernatorial election. A qualified referendum is placed on the ballot at a statewide election that occurs at least 31 days after the measure qualifies, or at a special election called by the Governor. The Legislature may amend or repeal referendum statutes.

Number of Signatures Required for a Referendum Measure: **373,816**  
[5 percent of 7,476,311 (Art. II, § 9(b), Constitution)]

## **New Political Party Qualification Requirements for the 2003 and 2004 Primary Elections**

(Based on the Number of Persons who Voted at the 2002 General Election)

There are two methods by which political parties can qualify for official status and so be able to place candidates on the primary election ballot. The qualification deadline for either method is 135 days before a statewide primary in an even-numbered year, based on the registration totals as of the 154<sup>th</sup> day before the election.

1. **Registration.** By the 135-day deadline, a party must have obtained registrations equal in number to 1% of the total vote cast in the last gubernatorial election. The current registration requirement is:

New Political Party by Registration      **77,389**  
[1 percent of 7,738,821 (§ 5100(b), Elections Code)]

2. **Petition.** By the deadline, a party must have collected petition signatures of registered voters of any party equal in number to 10% of the vote cast in the last gubernatorial election. The current signature requirement is:

New Political Party by Petition      **773,883**  
[10 percent of 7,738,821 (§ 5100(c), Elections Code)]

To retain its official status, a party must

1. maintain a registration level equal to 1/15 of 1% (0.00067) of the total registration of the state, **and**
2. have a candidate for statewide office (Governor, Lieutenant Governor, Secretary of State, Attorney General, Treasurer, Controller, Insurance Commissioner, or United States Senator) poll at least 2% of the vote for that office.

## **NOMINATING PRESIDENTIAL CANDIDATES (The Primary Election)**

On or before the 120<sup>th</sup> day before the primary election, the Secretary of State announces the names of the candidates he has selected to appear on the March ballot for the office of President. Selection is based on any combination of several criteria, including but not limited to:

- Being generally recognized as seeking the office
- Qualifying for federal matching funds
- Appearing in public opinion polls, candidates' forums, debates, etc.
- Being on the ballot in other states' primaries
- Actively campaigning in California
- Having a campaign office in California

Candidates not selected by the Secretary of State may qualify by circulating petitions statewide to gather signatures of voters registered in their party, generally 1% of their party's statewide registration total. Democratic candidates must gather signatures in each of the state's 53 congressional districts, equal in number to 1% of the district's Democratic registration or 500, whichever is fewer.

By the 120<sup>th</sup> day before the election, the chairperson of each qualified party must notify the SOS of the number of delegates to represent California at the party's national nominating convention. Prior to the primary election, each candidate files a slate of the requisite number of delegates for his/her party, selected according to the party's requirements.

On primary election day, although only the names of the candidates appear on the ballot, voters actually are casting ballots for the slate of delegates pledged to the candidate of their choice. The slate pledged to the winning candidate goes to the party's national nominating convention, usually held in June, July, or August. At the convention, the duly elected delegates from all the states elect their party's nominee and so notify the Secretary of State.

## UNITED STATES SENATOR

The United States Senate consists of 100 Senators, two elected from each of the 50 states to serve six-year terms. The Senate is divided into three classes, whose terms of office are staggered so that only one-third of the Senate is elected during any election year. Because of that, every third statewide election there is no United States Senate contest on the ballot. California's Senators are in Classes 1 and 3 and were elected in 1998 and 2000.

## **UNITED STATES REPRESENTATIVE**

The United States House of Representatives has 435 members elected to serve two-year terms. The number of Representatives allocated to each state is determined by the state's population, as reported in the decennial census. Federal law requires the reshaping of congressional/legislative districts within each state following the census to reflect the changes in population and ensure that the "one-person, one-vote" mandate is obeyed. Since the 1879 State Constitution, the Legislature has been charged with the responsibility of reapportioning legislative, congressional and board of equalization districts. The elections and reapportionment committees of each house use the census tract maps supplied by the U.S. Bureau of the Census and precinct information supplied by the counties to realign the districts. California has 53 members of the House of Representatives.

## **THE CALIFORNIA LEGISLATURE**

The California State Legislature consists of two houses:

The State Senate: the "upper" house is comprised of 40 Senators each elected to four-year terms. As with the U.S. Senate, the terms of the Senators are staggered so that half the membership is elected every two years. The Senators representing the odd-numbered districts are elected in years evenly divisible by four; i.e., presidential election years. The Senators from the even-numbered districts are elected in the intervening even-numbered years, in the gubernatorial election cycle.

The State Assembly: the "lower" house is comprised of 80 members, elected to two-year terms and so are on the ballot at every regularly scheduled statewide election.

Both State Senators and Members of the Assembly are subject to term limits; two four-year terms for Senators, three two-year terms for Assembly members.

## **PROPOSITIONS**

Propositions or measures reach the ballot in a number of different ways. They are:

### **Legislative Constitutional Amendment (LCA)**

An LCA is an amendment to the state constitution proposed by the Legislature. It must be adopted in each house of the Legislature by a two-thirds vote of the membership; it does not require the Governor's signature to be placed on the ballot. Once it has been adopted by the Legislature and chaptered by the Secretary of State, the measure is placed on the next statewide ballot that occurs at least 131 days from the date of chaptering.

### **Legislative Bond Measure**

Any bill calling for the issuance of general obligation bonds must be adopted in each house of the Legislature by a two-thirds vote of the membership, and signed by the Governor (or allowed to become law without the Governor's signature). It is subject to the 131-day qualification deadline.

### **Initiative**

The initiative allows citizens to propose statutes, amendments to the state constitution or general obligation bond measures for voter approval or rejection. An initiative statute requires the signatures of registered voters equal in number to 5% of the votes cast for all candidates for governor in the last election to qualify for the ballot; an initiative constitutional amendment requires signatures equaling 8% of the gubernatorial vote. Initiatives are also subject to the 131-day qualification deadline. Any measure that qualifies after that deadline is placed on the next ensuing statewide ballot.

### **Referendum**

The referendum gives citizens the ability to approve or reject statutes adopted by the Legislature, except those that are urgency, that call for elections, or that provide for tax levies/appropriations for usual current expenses of the state. Citizens wishing to block implementation of a legislatively adopted statute must gather within 90 days of enactment of the bill signatures equal in number to at least 5% of the votes cast for all candidates for governor in the last gubernatorial election. A qualified referendum is placed on the ballot at a statewide election that occurs at least 31 days after the measure qualifies, or at a special election called by the Governor. The Legislature may amend or repeal referendum statutes.

### **Initiative Amendment**

Unless an initiative specifically allows for legislative amendment of its provisions, the Legislature must submit any amendment it proposes to a vote of the people. A legislative initiative amendment requires only a majority vote of each house, unless otherwise specified in the initiative, and must be signed by the Governor or allowed to become law without his/her signature. The 131-day qualification deadline applies. An initiative amendment may also be proposed by another initiative.

All statewide measures require a simple majority for passage.

State ballot measures are numbered consecutively in ten-year cycles; the current cycle began with the eleven measures on the November 1998 general election ballot.
