Notes

The first statewide record of party affiliations was reported in 1922.

“P” indicates a presidential primary election.

In 1911, women were given the right to vote.

In 1972, 18- to 21-year-olds were eligible to vote. Also, the voter registration deadline was reduced that year from 54 days before the election to 30 days before the election.

In 1975, the deadline to register to vote was reduced to 29 days before the election.

In 2001, the deadline to register to vote was reduced to 15 days before the election.

2008 was the first year the presidential primary was split from the statewide direct primary election since 1940.
