Nevada

For all contests, unincorporated totals include data from some cities. All county totals are accurate; however, the sum of cities and unincorporated totals will not match the county total.

Ventura

In Ventura County multiple precincts were consolidated into two precincts with multiple ballot styles containing Senate Districts 19 and 27. Ventura County is unable to determine which Senate District the votes for ballot measures and some statewide candidates should be attributed. However, the county totals are accurate, though they will not match the sum total of the two Senate Districts.
