California Democrats are committed to fighting for working families, regardless of the color of your skin, where you were born or who you love.

Every Californian should have access to safe, affordable housing and comprehensive, universal healthcare. During this COVID-19 pandemic, it is more important than ever that we protect, expand healthcare coverage and defend those with preexisting conditions.

Our planet is facing a climate crisis, we must act now for our future. Everyone should have the right to breathe clean air, drink clean water, and enjoy our natural resources.

We stand firmly with our sisters and brothers in the Black Lives Matter movement and we’re committed to ending systemic racism. We believe in the full equality of women and LGBTQ+ individuals, no person should be subjected to bullying, harassment, assault or discrimination because of race, gender or gender identity, sexual orientation, physical disability, economic status or religion; and no person should live in fear of gun violence. We strongly support legal protections for our immigrant neighbors.

We urge you to vote with Democrats to change leadership at the White House so we can continue fighting for an inclusive and progressive future for all.
