Additional Information Required for Waiver Request

To complete your waiver request please fill out a separate document that addresses the questions detailed below. You need only address the questions relevant to the kind of waiver being requested.

Please add this documentation as an attachment to your Waiver Request Form.

For all waiver requests, please provide your county's plan analyzing the impact of this waiver request on your in-person voting needs, as detailed pursuant to California Elections Code section 1604(b). Overall, this final plan must address how your proposed levels of in-person voting are designed to provide the following:

- a) Detailed efforts to secure the otherwise required number of voting locations;
- b) How you will prevent a negative disparate impact on any protected class* of voters with respect to availability of voting locations and machines as well as language accessibility, including, but not limited to, the needs of disabled voters and individuals who do not have a history of voting by mail; and
- c) That the plan will not reduce in-person voting locations below a number of locations necessary to safely and efficiently accommodate the anticipated demand for in-person voting services.

* "Protected class" means a class of voters who are members of a race, color, or language minority group, as referenced and defined in the federal Voting Rights Act of 1965 (52 U.S.C. Sec. 10101 et seq.).

If you are requesting a waiver for the number of "VCA-like" consolidated polling places:

How many locations are you required to have?

How many locations have you secured?

For how many locations are you currently seeking a waiver?

If you are requesting a waiver for the location of "VCA-like" consolidated polling places:

Where are polling places required to be located?

Where do you want them to be located?

For how many locations are you currently seeking a waiver?

If you are requesting a waiver for the operational duration of "VCA-like" consolidated polling places:

How are you seeking to change what is required?

For what time period?

If you are requesting a waiver for the number of ballot drop-off locations:

How many locations are you required to have?

How many locations have you secured?

For how many locations are you currently seeking a waiver?

Pursuant to Elections Code § 1604, Sonoma County is requesting a partial waiver regarding the maximum number of voters in a precinct under Elections Code § 12223, not to exceed 3,000 voters for the September 14, 2021 California Gubernatorial Recall Election.

Our draft plan consolidates 1,006 whole precincts into 324 voting precincts. Of the 324 voting precincts, 252 are mail ballot precincts, and 72 are polling place precincts. Polling place precinct sizes range from 45 to 2,910, with the average size being 928.

Sonoma County's efforts to secure the required in-person voting locations:

We began surveying possible facilities in mid-June asking for availability as a polling place for our already scheduled District Attorney Recall election, expected to take place in September. Of the 180 locations we sent permits to, 106 responded that they would be available for the election, and to remain under the traditional polling place model without a waiver, we would have needed 179 polling places.

We also are struggling to recruit enough poll workers for a traditional polling place model, without the waiver, as we would need approximately 900 poll workers, plus back-ups and we have less than 400 confirmed poll workers at this time, as people are hesitant to work the polls due to the Delta variant.

As we are running out of time to secure the number of polling places, and recruit sufficient poll workers, we are requesting this waiver.

Our plan to avoid a negative disparate impact on disabled voters or any protected class of voters:

Each voting precinct will have at least one accessible ballot marking device. The Registrar of Voters Office will also have at least one accessible ballot marking device beginning the first day of early voting, and through the close of polls on Election Day. Each voting precinct will be supplied with a facsimile ballot translated into Spanish, Tagalog, Khmer and Vietnamese. All polling places will be surveyed for ADA compliance and any necessary mitigations will be made by Election Day, and mitigation plans provided to the precinct Inspector prior to Election Day. Each polling place will have a Telephone Interpreter Services binder with the instructions, call information, language codes, and usage tracking sheet to assist voters who need third-party interpreter to communicate with voters in their native language.

We have made our best attempt to select polling places that are centrally located within the precincts being served, and have tried to select larger locations with ample parking, as much as possible.

Mail ballot precincts were consolidated appropriately, where the precinct registration was small enough, as allowed by law.

Official vote by mail ballot drop boxes will be available at 20 locations throughout the county beginning August 17, to provide additional options for voters to return their vote by mail ballots. Drop box locations were site selected during the summer and fall of 2020, and were installed and used for the November 2020 election. All drop-boxes are available 24-hours per day, 7 days per week, and we have one drive-thru drop-box at the Registrar of Voters Office, which is also available 24-hours per day, 7 days per week.

We are confident our plan will not reduce in-person voting locations below a number of locations necessary to safely and efficiently accommodate the anticipated demand for in-person voting services, based on the following:

Pursuant to Elections Code §3000.5 all active, registered California voters will receive a vote by mail ballot in the September 14, 2021, California Gubernatorial Recall Election. Sonoma County already has a high participation rate in permanent vote by mail voting, at 84.6%.

Using the planned consolidations, the number of polling place voters ranges from 45 to 2,910 per voting precinct. The percentage of poll voters per voting precinct ranges from 9% to 23%.

We feel we will have manageable in person voter turnout at our polling places on Election Day because of our high permanent vote by mail participation, and the low percentage of polling place voters per polling place precinct.
