

Check Distribution System

Current Process

The Voting Modernization Board (VMB) staff notifies the Secretary of State (SOS) Executive Staff once the SOS Accounting Department issues a claim schedule to the State Controller's Office for Proposition 41 Voting Modernization Fund moneys to be distributed. As it takes approximately 10 days for the State Controller's Office to process claim schedules and to issue a check from the Voting Modernization Fund, this notification allows for at least 10 days lead time to set up a press conference to have the Secretary of State present the check to the specific county.

The VMB staff is responsible for delivery of the county checks to the SOS Executive Office staff for presentation to the counties.

New Process

The VMB staff will send notification to the Chair of the Voting Modernization Board via e-mail that a check has been received from the State Controller's Office from the Voting Modernization Fund. The county's check will then be mailed at once to the county.
