 Counties to use HAVA 102 Money as 3:1 Match

I. VOTING MODERNIZATION FUND PROGRAM SUMMARY

The Voting Modernization Board (VMB) administers a program to fund the acquisition of modern voting systems under the Voting Modernization Bond Act of 2002, as amended (the Act) as set forth in California Elections Code section 19250, et seq.

Eligible Entities: California counties. For the purpose of this document the term “County” includes “city and county.”

Eligible Projects: Purchase of modern voting equipment system hardware, including the software necessary to operate that hardware, in accordance with the provisions of the Act and the research and development of these systems in accordance with Elections Code section 19254 (“Project”). Project eligibility requirements are specified in Section III. “Voting system” is defined as “any voting machine, voting device, or vote tabulating device that does not utilize prescored punch card ballots.”¹ (Elections Code section 19252(f).)

Funds Available: Initially, the proceeds from the sale of up to \$200,000,000 in State General Obligation Bonds.

Additional Allocation Amount: Funds for the additional funding round will be allocated by the VMB in accordance with the formula specified in Section VI.

Additional Funding Award: Pursuant to its authority under the Act, the VMB approves funding applications that it determines meet the requirements of the Act, and conditions of funding. The VMB thereafter issues an Additional Funding Award (Appendix D-1.1).

Acknowledgement of Additional Funding Award: Upon receipt of written notice of the Additional Funding Award, the County shall return an Acknowledgement of Additional Funding Award (Appendix D-2.1).

County Match Amount: One dollar for every three dollars of fund monies.

County Match Type: Match is limited to monies spent for the purchase of modern voting equipment system hardware and software necessary to operate that hardware.

Application Submittal Deadline: To be eligible for the additional round of funding, counties are required to submit Applications for Additional Funding Consideration to the VMB by 5:00 p.m. on April 6, 2022.

¹ In October 2013, the California Legislature passed SB 360 which allowed fund monies to be used for the purchase of systems that are either certified or conditionally approved by the Secretary of State. SB 360 also allowed a county to use fund monies to contract and pay for the research and development of a new voting system that has not been certified or conditionally approved by the Secretary of State, and the manufacture of the minimum number of voting system units. However, as the result of litigation in 2015 and a change in policy of the Voting Modernization Board, reimbursement of research and development costs is no longer allowable under the Voting Modernization Board Act of 2002 (Proposition 41).

Number of Applications that may be submitted: Each County may submit one initial application per funding round and, if necessary, one revision of that application. Applications for expansion of an existing system or components related to a previously approved application will be accepted for review by the VMB.

Additional Funding Rounds: The VMB may establish additional funding rounds and procedures for the application process for those additional rounds.

II. INTRODUCTION

In 2002, the Voting Modernization Board announced the availability of up to \$200,000,000 in funding as specified in the Voting Modernization Bond Act of 2002. Funds have been and will continue to be appropriated to the Voting Modernization Fund and awarded by the VMB until all funds are exhausted.

III. VOTING MODERNIZATION FUND PROGRAM

Purpose

The initial purpose of the fund was to provide assistance to counties in the purchase of modern voting systems.

Eligible Entities

All California counties are eligible to apply for VMB funds.

Project Eligibility Requirements

A County is eligible to receive fund monies if it meets all the following requirements:

1. The County has purchased new voting equipment system hardware after January 1, 1999, and has made full payment on that system, or is continuing to make payments on that system, or has contracted for and will pay for a new voting system that has not yet been certified or conditionally approved by the Secretary of State in accordance with Elections Code section 19254.
2. The County matches fund monies at a ratio of one dollar of County monies for every three dollars of fund monies.
3. The County has not previously been reimbursed for the same equipment. Applications for expansion of an existing system or components related to a previously approved application shall be accepted for review by the Board.
4. The fund monies shall be used to purchase modern voting systems certified or conditionally approved by the Secretary of State, pursuant to Division 19 of the California Elections Code.
5. The fund monies shall not be used to purchase a voting system that utilizes pre-scored punch card ballots.
6. Any voting system purchased using bond funds that does not require a voter to directly mark on the ballot must produce, at the time the voter votes his or her ballot or at the time the polls are closed, a paper version or representation of the voted ballot or of all the ballots cast on a unit of the voting system. (The paper version shall not be provided to the voter but shall be retained by elections officials for use

during the one percent manual recount or other recount or contest.)

Funds Available

Subsequent to the initial round of funding, approximately \$10.8 million in Voting Modernization funds remain unclaimed. The remaining funds will be reallocated as noted in Section VI.

Matching Funds Requirement

A County must contribute one dollar for every three dollars as specified in the Act. Match is limited to monies spent for the purchase of modern voting equipment system hardware and the software to operate that hardware. The County shall certify to the VMB the source and amount of match funding.

IV. APPLICATION FOR ADDITIONAL FUNDING

Application for Additional Funding Consideration

All applicants that wish to participate in the additional funding round are required to complete and sign the Application for Additional Funding Consideration certifying that the voting system they are purchasing complies with the Project Eligibility Requirements as set forth in Section III of this Funding Application and Procedural Guide (see Appendix A.1). An authorizing resolution or other document from the County's governing body must have accompanied the Application for Additional Funding Consideration (see Appendix B.1).

Project Documentation Package

At the time all required Project information is available, but no later than a date to be specified by the Board, applicants with an accepted Application for Additional Funding Consideration on file with the VMB must submit the Project Documentation Package and the Form (Appendix C.1) to be eligible for funding in accordance with the Fund Allocation Process.

If a County has completed its detailed Project planning, the Application for Additional Funding Consideration and the Project Documentation Package may be submitted concurrently.

The Project Documentation Package shall include the following:

1. Project Documentation Form signed by the person authorized in the authorizing resolution or other document from the governing body.
2. One-page Executive Summary of the Project.
3. Summary of the County's overall voting system modernization strategy and the expected impact of the Project on that strategy (maximum 5 pages).
4. Summary of the Project plan including project objectives, phases, resources, controls, and system implementation activities
5. Project schedule including key milestones and expected voting equipment system hardware acquisition and installation dates.
6. A detailed line-item estimate of all Project costs.
7. A statement of the amount and source of matchfunds to be provided by the County.
8. A signed vendor agreement detailing the specific costs for the voting equipment system hardware proposed for funding assistance.
9. A brief description of how the proposed voting system will meet the requirements of the Help America Vote Act of 2002 (HAVA) (maximum 3 pages).

The VMB will make final decisions on all applications. Applicants whose applications are denied will be notified by email as to the reasons for the denial.

Application Submittal Deadlines

To be eligible for the additional funding round, the Application for Additional Funding Consideration and the Authorizing Resolution must be received by the VMB no later than 5:00 p.m. on April 6, 2022.

The Project Documentation Package and all required attachments must be received by 5:00 p.m. on May 25, 2022.

Both the Application for Additional Funding Consideration and the Project Documentation Package must be delivered to the following location:

Voting Modernization Board
c/o Secretary of State, Elections Division
1500 11th Street, 5th Floor
Sacramento, CA 95814
vmb@sos.ca.gov

Number of Copies to Submit

The County shall submit to the VMB one electronic copy of the Application for Additional Funding Consideration and/or the Project Documentation Package.

V. AMENDED APPLICATION SUBMITTAL PROCESS

A County whose application is rejected shall be allowed a single opportunity to submit an amended version of that application to the Board.

An amended application must be received by the Board within 7 business days from the date of the Board's written notification of the initial application's rejection. Amended applications shall include all documents required of initial applications and must resolve all the reasons for rejection stated in the Board's notification.

VI. ALLOCATION PROCESS FOR THE ADDITIONAL FUNDING ROUND

The amount to be allocated to each County that submits an acceptable Application for Additional Funding Consideration will be determined by the Board once all applications have been received. The VMB will set aside the allocated amount for each county until the County submits a complete and acceptable Project Documentation Package, at which time the VMB may establish a payment schedule for the County, or until the funding allocation period expires, pursuant to this Section, Sections VII, or VIII.

The Board will determine the formula to be used for distribution once the application period is complete.

Payments of funds shall be distributed to counties based on actual invoices.

The State portion of the cost of voting equipment shall not exceed \$3,000 per Direct Recording Equipment and/or Touch Screen voting machine. All applications for funds shall include a plan describing how the County will make its voting equipment accessible to persons with disabilities.

If a County fails to submit the Project Documentation Package by the date and time specified under Application Submittal Deadlines, the VMB may at its discretion choose to cancel the allocation of funds set aside for that County and allocate those funds to eligible counties in any future funding rounds.

VII. CONDITIONS OF FUNDING

Additional Funding Award

Pursuant to its authority under the Act, the VMB approves funding applications that it determines meet the requirements of the Act and conditions of funding. The VMB thereafter issues an Additional Funding Award (Appendix D-1.1).

Acknowledgement of Additional Funding Award

Upon receipt of written notice of the Additional Funding Award, County shall return an Acknowledgement of Additional Funding Award (Appendix D-2.1).

VMB Policy Decisions

VMB Policy Decisions are communicated through County Clerks, Registrar of Voters (CCROV) Memoranda.

Loss of Funding

The following may result in a loss of funding allocation:

1. County failed to submit an Application for Additional Funding Consideration by April 6, 2022. Failure to submit an Application for Additional Funding Consideration shall not prevent a County from participating in subsequent funding application cycles.
2. If a County fails to submit the Project Documentation Package by the date specified by the VMB.
3. County elects not to use its allocation, only uses a portion of its allocation, or withdraws from the funding program.
4. County project is not consistent with the requirements of Proposition 41 and/or the requirements set forth in Division 19 of the Elections Code.
5. In the event that the County fails to complete the funded Project by the Project Completion Date set forth in the Additional Funding Award (Appendix D-1.1), all funds not used to pay for the Project may be required to be returned to the VMB. Additionally, any monies allocated to the County but not yet paid shall be cancelled and may be reallocated for future funding rounds.

A County that is unable to finish the Project by the Project Completion Date and is unable to do so because of circumstances beyond its control, may apply to the VMB for an extension of the Project Completion Date. The VMB may, upon a showing of good cause, extend the Project Completion Date.

VIII. PROJECT REPORTING

Changes to Approved Project

Following VMB approval, County shall notify VMB of proposed changes in its Project. The VMB shall approve proposed changes. The notification must include an explanation of the reasons for the changes and a statement of the impact of such changes on the use of the voting systems in future elections. Any change which does not meet the requirements of this Funding Application and Procedural Guide may subject the County, at the discretion of the VMB, to loss of all or a portion of allocated funds.

Project Completion

County shall submit a Project Completion Report to the VMB. The report must certify completion of the Project and that all money allocated by the VMB was expended on the Project. It must provide a financial summary showing final Project costs and sources of funding.

IX. PAYMENTS

Payment Process

County must submit to the VMB copies of invoices for voting systems purchased pursuant to the Project and received by the County (e.g., delivered goods) along with a fully executed Payment Request Form (Appendix E). Invoices must include the Additional Funding Award Number.

County will be paid in accordance with its approved Project Documentation, the required County match, VMB policies and procedures, and the allocated funding up to the award amount as shown in the Additional Funding Award (Appendix D-1.1). Invoices will be processed as received.

Completed Payment Request Forms and invoices should be submitted to:

Voting Modernization Board
c/o Secretary of State, Elections Division
1500 11th Street, 5th Floor
Sacramento, CA 95814
vmb@sos.ca.gov

Receiving Payments

Applicants should allow 45 to 60 days to receive payment after submitting a completed Payment Request Form.

Required Use of Funds

For Paid Invoices (Financed): In the event that the non-County matched portion of the purchased voting system is financed, all funds received by the County from the VMB shall be paid within 60 days to the voting system vendor, or to the third party that is financing the County's obligation, so as to immediately satisfy all or a portion of that debt obligation.

For Invoices Not Fully Paid (Under Terms, Net 45): In the event that the non-County matched portion of the purchased voting system has not been paid (e.g., pursuant to terms, net to be paid within 45 days), all funds received by the County from the VMB shall be paid within 60 days to the voting system vendor. The County shall thereafter provide documentation to the VMB of payment to said vendor and/or contractor.

For Paid Invoices (Paid by County): If the County has paid for the voting system from its own funds, all funds received by the County from the VMB shall be transferred within 60 days to the County's general fund or to such other County fund as used to pay for the purchased voting system.

X. RECORD KEEPING AND AUDIT

Record Keeping

County shall maintain records in a manner that:

- Accurately reflects fiscal transactions with necessary controls and safeguards
- Provides complete audit trails, based whenever possible on original documents (purchase orders, receipts, progress payments, invoices, timecards, cancelled warrants, warrant numbers, etc.)
- Provides accounting data so the total costs of the Project can be readily determined throughout the Project period

The VMB requires that a County retain all Project related records for five years after the VMB has accepted the Final Project Report or Project Termination and for at least one year following any audit or final disposition of any disputed audit findings.

Audit

All Projects may be subject to standard audit reviews for three years following the completion of the project. The audit shall include all books, papers, accounts, documents, or other records of the County as they relate to the Project for which funds were allocated.

Upon written notice of an audit, the County shall make the Project records, including the source documents and cancelled warrants, available to the VMB. County shall also provide an employee having knowledge of the Project to assist the VMB's auditor. County shall provide a copy of any document, paper, or electronic record requested by the VMB.

Inspection

County shall permit initial and then periodic site visits by VMB and its representatives to determine if work is in accordance with the approved Application, including a final inspection upon Project completion.

APPENDIX B.1 – SAMPLE GOVERNING BOARD RESOLUTION

Resolution No: _____

RESOLUTION OF THE (Title of Governing Body of the Applicant)

APPROVING THE APPLICATION FOR ADDITIONAL FUNDS

UNDER THE

VOTING MODERNIZATION BOND ACT OF 2002

(COUNTY)

(PROJECT)

WHEREAS, the people of the State of California have approved funding for the Voting Modernization Fund; and

WHEREAS, the Voting Modernization Board has been delegated the responsibility for the administration of the Voting Modernization Fund, setting up necessary procedures; and

WHEREAS, said procedures established by the Voting Modernization Board require the County to certify by resolution the approval of application(s) before submission of said application(s) to the Voting Modernization Board; and

NOW, THEREFORE, BE IT RESOLVED that the _____

(GOVERNING BODY)

1. Approves the filing of an Application for assistance for the above project(s) to be funded from the Voting Modernization Act of 2002; and
2. Certifies the County understands the assurances and certification in the Application form; and
3. Certifies the County has reviewed and understands the Funding Application and Procedural Guide; and
4. Appoints the Chief Elections Officer or his/her designee as agent to conduct all negotiations, execute and submit all documents including, but not limited to Applications, payment requests and so on, which may be necessary for the completion of the aforementioned Project.

I, the undersigned, hereby certify that the foregoing Resolution Number _____ was duly adopted by (Governing Body) following a roll call vote:

APPENDIX F

HAVA SECTION 102 AGREEMENT BETWEEN THE VOTING MODERNIZATION BOARD AND

COUNTY OF _____

1. The Voting Modernization Board (“Board”) is charged by Elections Code section 19235 with administering the Voting Modernization Fund with the authority to reject any application for money from the Voting Modernization Fund that it deems inappropriate, excessive, or that does not comply with the provisions of Article 3 (commencing with section 19230), of Division 19 of the Elections Code, known as the Voting Modernization Bond of Act of 2002 (Shelley-Hertzberg Act) “Act;”

2. Elections Code section 19234, subdivision (c) provides that a county is eligible to apply to the Board for fund money if it meets all the following requirements:

- (1) The county has purchased a new voting system after January 1, 1999, and is continuing to make payments on that system on the date that the article became effective;
- (2) The county matches fund moneys at a ratio of one dollar (\$1) of county moneys for every three dollars (\$3) of fund money;
- (3) The county has not previously requested fund money for the purchase of a new voting system, although applications for expansion of an existing system or components related to a previously approved application shall be accepted;

3. Section 102 of the federal Help America Vote Act of 2002 (Public Law 107-252) (“HAVA”) provides for an allocation of dollars (“HAVA Section 102 money”) to California counties that utilized punch card voting systems at the November 2000 Presidential Election, based on the number of precincts in the county that used those voting systems at that election, to purchase new voting equipment;

4. After reviewing all pertinent documents, the California Secretary of State has determined that the County of _____ (“County”) is eligible to receive \$ _____ of HAVA Section 102 money;

5. Furthermore, the Board has determined that a county’s allocation of HAVA Section 102 money as determined by the Secretary of State may be used to match money received from the Voting Modernization Fund in compliance with Elections Code subdivision 19234(c)(2) even though the HAVA Section 102 money has not yet been received or expended by the county, provided that the county agrees in writing that any and all HAVA Section 102 money received shall, immediately upon receipt, be expended for the purchase of a voting system permissible by the Act, to the extent necessary to comply with the match provided for by Elections Code subdivision 19234(c)(2);

APPENDIX F

6. In consideration of the determination by the VMB that the County should be awarded money from the Voting Modernization Fund, as set forth in paragraph 5 herein, the County, by and through the undersigned, hereby agrees that:

- (a) Any HAVA Section 102 money received by the County shall be expended no later than 30 (thirty) days after the receipt of the money toward the purchase of a voting system for which funds have been awarded from the Voting Modernization Fund by the Board to the extent necessary to comply with the match provided for by Election Code subdivision 19234(c)(2);
- (b) The County shall provide to the Board, no later than 30 (thirty) days after the expenditure of any HAVA Section 102 money expended as provided above, full documentation of the expenditure or expenditures, including invoices and other documentation, as specified by the Board;
- (c) If the HAVA Section 102 money received by the County is not expended as provided for as specified above, the County hereby agrees that it shall, within 60 (sixty) days of receiving the HAVA Section 102 money, return to the Board or not accept from the Board, that portion of its award of money from the Voting Modernization Fund for which there has not been compliance with the match requirements of Elections Code subdivision 19234(c)(2), as set forth in this agreement;
- (d) Prior to the actual release to the County of money from the Voting Modernization Fund, the County shall submit to the Board a duly adopted resolution of the County's Board of Supervisors certifying that the County will comply with the conditions set forth in paragraphs 6(a) through 6(c), inclusive, of this agreement.

On behalf of the County of _____, it is so agreed:

Dated: _____

Chair, Board of Supervisors

Dated: _____

Registrar of Voters

Approved on behalf of the Board:

Dated: _____

Chair, Voting Modernization Board
